ACKNOWLEDGMENT

Most of all, I want to acknowledge and thank to Allah s.w.t with my deepest gratitude for the miracles He has performed in my life for the completion of this practical report. I am able to complete this assignment which facilitated the completion on this industrial training report. This Industrial training report would have not been carried successfully without the cooperation from many parties who contributes in preparing and completing this study

My sincere thanks and gratitude are extended to my dedicated and understanding advisor Sir Muhamad Syukrie Bin Abu Talip the lecturer of Universiti Teknologi Mara (UITM), for the guidance and assistance, understanding and commitment throughout the duration of this work. The encouragement, understanding, suggestion and criticisms were helpful in completing this practical report.

With this opportunity, I would like to thank the management of my attachment estate, (Samarahan Plantation), Mr. Choo Yee Ching (Estate Manager), Mr. Mambai ak Ijau (Assistant Manager) for their knowledge, guidance and support during my training.

Apart from that I also would like to thank Mr. Edwin Kasa, Mr. Borhan Bin Mail, Mr. Nuli ak Buja (Field Supervisor), Mr. Hendry Misan ak Minjot (Chief Clerk), Madam Rabiah bt Markosen and Madam Lai Hui Khin (Account Clerk) for helping me in obtain useful information at the office.

Lastly, I thank almighty to all individuals and my friends who involved directly or indirectly in giving useful information and valuable comment for me in completing the practical report.

Thank You

INTRODUCTION

In order to complete my studies in Diploma Plantation Industry Management at Universiti Teknologi Mara (UITM). It was compulsory to undergo this course practical and industrial training. It is also designed to give exposure and experience to the students about the real situation in their respective fields and early preparation for students before they enter the working world. The training runs for three months starting from 30 November 2015 until 6 March 2016. I was stationed at Samarahan Plantation Sendirian Berhad, Sarawak.

Objective of Industrial Training Program

- i. To expose students to actual working environment and gain knowledge in the field.
- ii. To practice the theory and practice learned in college.
- iii. To expose student to safety practice and regulation in industry.
- iv. To instill the quantities, responsibilities and self-confidence.
- v. To familiarize themselves with the workers at the industrial training place.

INTRODUCTION TO SAMARAHAN PLANTATION

Samarahan Plantations Sendirian Berhad is also known as Samarahan Estate is officially as a Private Limited Company on 15 January 1964. The company has established a lot of their history that develop themselves. The oil palm planting to effort their productive those make their own profit increase to Sarawak economy. Before they established the Samarahan Plantation Limited at the same location, the Samarahan Rubber estate also cultivates planting the rubber at the same place. This because in the year 1961 they have to export their rubber planting to Kuching has increase in the amount \$83.3 million. The rubber planting is majority cultivated by Mr. Shosuke (Japanese) since before the inhabiting Japanese on the year 1910. However, due to the decreases of the rubber prices, bring into being Samarahan Rubber estate cannot to survive and eventually sold to the private owner of the Company Samarahan Plantation Sdn. Bhd. that still exist now. Consequently, the establishment of the company Samarahan Plantation is one of the most important economic assets to economic development in Kuching.
