AKNOWLEDGEMENT

I would like to thank our campus, Universiti Teknologi Mara Kampus Mukah 2 for giving me this opportunity to have industrial practical at Kabuloh Agriculture Research Station (Stesen Penyelidikan Pertanian Kabuloh). I am very glad had spent one month and two weeks at this station even it is in a short time. I am also able to learn and gaining new experience and knowledge.

Next, I would like to thank Kabuloh Agriculture Research Station for letting me to have industrial practical here. Also I would like to thank OIC (Officer-In-Charge) Hajah Rosmah Haji Jaffar for her guidance and support for all the time I had spent at Kabuloh Agriculture Research Station. Thanks a lot for teaching me a lot of things that I was unaware before about agriculture in direct way or indirect way. Besides that, I would like to thank RO (Research Officer) John Jadol and RO Shariah Umar for their assist and guidance during my industrial practical.

I am also would like to thank all the other staffs for cooperation in providing information to me at all the time I had been at this station.

I would like to express my appreciation and thanks to our lecturer Mr. Muhamad Syukrie Bin Abu Talip for giving me advices and guideline during the process of completing this report. I would also like to thank to those whose have helped me to complete this report directly or indirectly.

KABULOH AGRICULTURE RESEARCH STATION

Kabuloh Agriculture Research Station was incorporated on 1964. Kabuloh Agriculture Research Station has many sections, including fruits section, rubber section, herbs section, **annual** crop section, mixed crop section, commodity section and fishery section. There are six plots in this station.

Plot	Ha
Research station	174.16
TKPM	223.84
PPNS (Proposed Oil Palm Nursery)	33.88
PPNS (Proposed Oil Palm Seed garden)	45.75
PPNS (Proposed Rubber Nursery)	45.17
PPKS	29.02
Total area:	551.82

There is also had a major role:

- i. Research,
- ii. Technology transfer ,
- iii. Advisory services to farmers about diseases or pest control, increased yield, and crop information.

VISION

Spearheading commercialization of agriculture and transformation of agriculture community to achieve high income.

MISSION

We commercialise and modernise agriculture to improve income of the agriculture community
