HIGHLIGHTS AND VICTORIES OF

FACULTY OF PHARMACY IN THE QUALITY INNOVATION SUMMIT (QIS) 2026

BY NUR SYAMIMI ARIFFIN

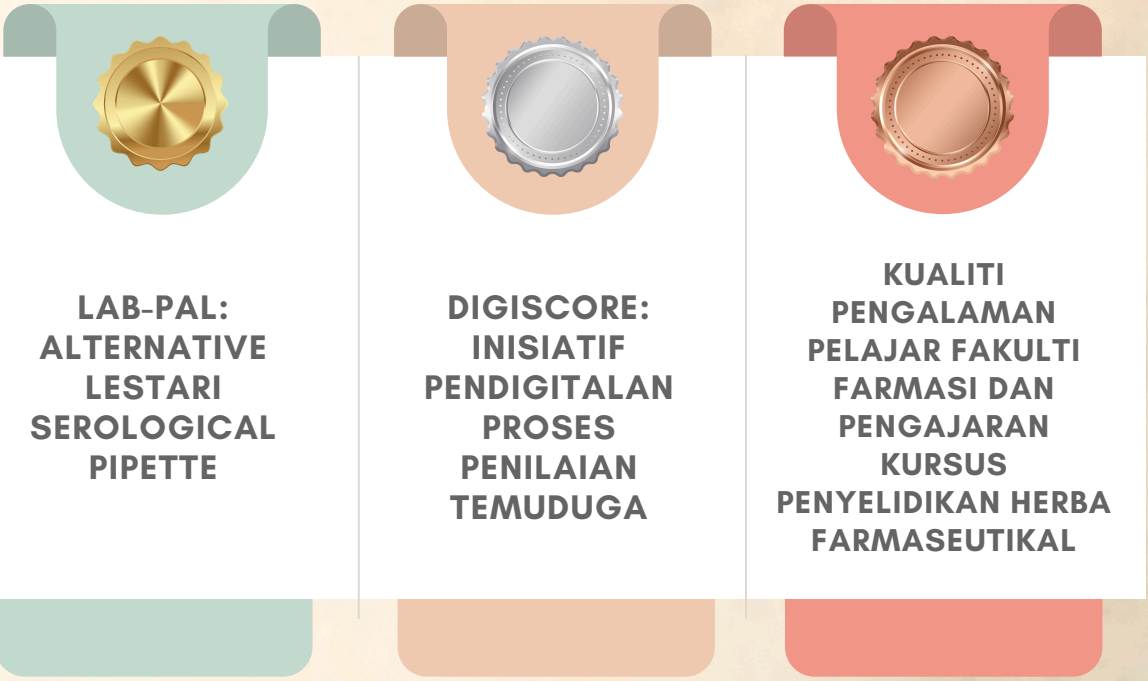

UiTM continues to cultivate quality in the workplace by encouraging staff to foster continuous improvement in their daily job and everyday life through regular reflection and adjustment of work-life balance. Many programs were arranged to nurture this quality culture among staff. Recently, InQKA organised the Quality Innovation Summit (QIS) from 7 to 10 September 2026 at ILD Bandar Enstek, one of the initiatives to emphasize quality in the institution. The event was packed with many agendas, loaded with insightful information conducted through oral presentations, poster displays, intellectual discussions, meetings, and academic mingles.

QUALITY ACHIEVEMENT & INNOVATION

In this event, the Faculty of Pharmacy was awarded *Anugerah Pengurusan Kualiti Program Akademik Terbaik* in the Majlis Anugerah Apresiasi Kualiti (MAAQ). The Dean appreciated every member of the faculty, including its students, for their fantastic and persistent contributions to the management and implementation of academic affairs of programs offered in the faculty. Additionally, the faculty also won a gold award for *Lab-Pal: Alternative Lestari Serological Pipette*, a silver award for *Digiscore: Inisiatif Pendigitalan Proses Penilaian Temuduga*, and a bronze award for *Kualiti Pengalaman Pelajar Fakulti Farmasi dan Pengajaran Kursus Penyelidikan Herba Farmaseutikal*, all of which were secured through poster presentations in the UiTM Innovation Showcase. The involvement of our staff in this competition showed their commitment to imparting good quality legacy in work processes in the faculty.

4 Awards in The Quality Innovation Summit (QIS)

ANUGERAH PENGURUSAN KUALITI PROGRAM AKADEMIK TERBAIK

Overall, the event was a great success, with participants, mainly the Head of Quality from every UiTM branch, going back carrying a mission tasked to them. The integration of various PTJs in a group task force optimized resources and maximized the sharing of best practices. We indeed learned from good leadership, and hopefully, with clear directions, we could implement a systematic and strategic governance for a maximum stakeholder impact.

> Something to ponder:
>
> What is quality to you? A simple question and yet so many versions of answers you may get.

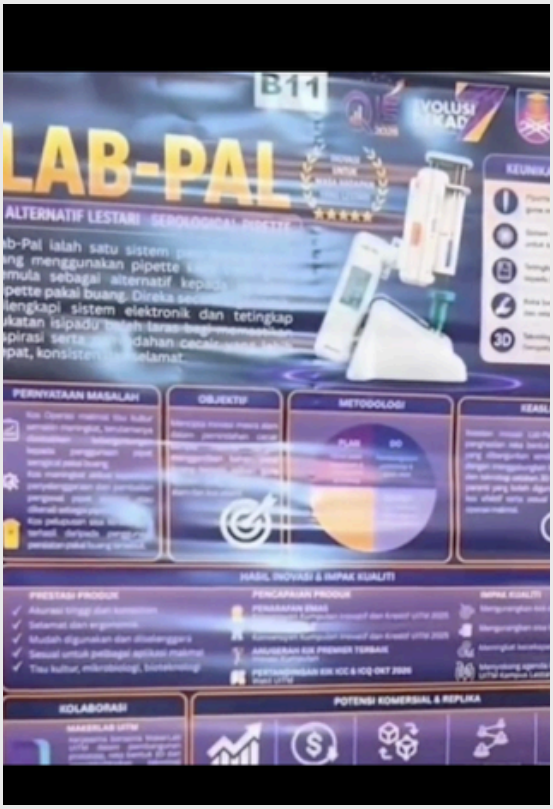

Faculty of Pharmacy was awarded with *Anugerah Pengurusan Kualiti Program Akademik Terbaik* in the Majlis Anugerah Apresiasi Kualiti (MAAQ).

InQKA continues to elevate quality governance in UiTM for a maximum stakeholder impact.

Every thought matters in accelerating best practices in UiTM. We need to optimize resources, cut bureaucracy, and minimize redundant logistics for university excellence.
