1. ACKNOWLEDGEMENT

Bismillahirrahmanirrahim,

First at all, I would like to thank Allah SWT for his blessing in the process of completing my industrial training. Although there a lot of challenged to complete this industrial training but I was rewarding with the experience which hard to gain in other place.

Firstly, I would like to thank to the campus for giving me this opportunity to have my practical training at University Agriculture Park Division, Universti Pertanian Malaysia Bintulu Campus. I have started my industrial training at University Agriculture Park Division, Universiti Putra Malaysia Bintulu Campus on 30th November 2015 and ended on 6th March 2016. I have learned a lot of things in 3 months of industrial training of period. I am exposed to many excellent experiences which are very meaningful.

Besides, I would also thanks to my Head of Department of University Agriculture Park Division, Mr Nalong Buda, my supervisor in –charge Sir Sylvester anak Igak as Head of Crop Section, Mr Haji Rodzlan Bin Kasan as Head of Indusrial Crop Division, Mr Awie ak Danguah as Head of Perennial Crop Division and Mr Chuat ak Yasan as Agricultural Assistant. Thanks for all the guidance and knowledge as I am working here as a trainee. A special thanks goes to all the University Agriculture Park Division's staffs for the warm welcomed and a very nice hospitality that had been provided for me in order to complete my industrial training.

Next, I would like to give my thanks to both of my parents, Juin bin Abul and Fatimah binti Jimowi for their endless moral support and also financial support. Apart from that, I would like to thanks to my teammates, Luzyana Tupang anak Guyu, Florrance binti Sebastian Halis and Lyana Sinda anak Gama thanks for your ideas and suggestion throughout the industrial training.

Futhermore, I would like to express my deepest appreciation to all those who provided me the possibility to complete this report. A special gratitude I give to my supervisor from Universiti Teknologi Mara (UiTM) Sarawak, Mr. Muhamad Syukrie Bin Haji Abu Talip, my lecturer, whose contribution in stimulating advice, suggestions and encouragement, helped me to coordinate my industrial training especially in writing this report.

Lastly, to those whose is involved directly and indirectly by helping me, thanks a lot. Thanks for the knowledge and helped me to learn and build the disciplines that had been shared by them to me, I might not be able to experience about working environment.

2. About Universiti Putra Malaysia Kampus Bintulu

2.1 HISTORY

Universiti Putra Malaysia Bintulu Sarawak Campus (UPMKB) is not a new name amongst the nation's institutions of higher learning. In fact, it is the oldest campus in Sarawak. The history of Universiti Putra Malaysia Bintulu Sarawak Campus can be traced back to August 10th 1974, when it was a temporary campus under the National Resources Training Centre in Semenggok, Kuching.

The campus was relocated to its permanent site in Bintulu, Sarawak in June, 1987. On 27th August, 1987, Universiti Pertanian Malaysia Sarawak was officially established as a branch campus through the under 3 centres of learning - Applied Sciences, Basic Sciences and Social Sciences and Management.

Three Diploma level programs were on offer: the Diploma in Agriculture, Diploma in Forestry and Diploma in Agribusiness programs, as well as an initiation program.

UPM was closed temporarily in 1992 and was operational again in November 2001, based on UPM 2001-2010 third strategic plan which was to upgrade UPM into an international center for agriculture, bioresource studies and services. UPMKB's main focus is in agribio fields such as agriculture, forestry, fishery, livestock, food and environment.

UPMKB is situated just 13 km from the town of Bintulu. It is 715.16 hectares, and surrounded by lush green forest rich in many different types of flora and fauna. Its modern facilities can house up to 2,200 students.

UPMKB is a branch campus of UPM with one faculty, the Faculty of Agriculture and Food Sciences. This faculty comprises five academic departments: Department of Crop

2.2 Mission, vision, and quality policy

UPMKB's Mission

Our mission is to be a central Regional Centre of Higher Education contributing to the development of intellectual environment, human resources and socio-economy specifically for Sarawak and generally for Malaysia.

UPMKB's Vision

Our vision is to be an outstanding regional centre of reference in Agribio education, research and services in Borneo.

Quality Policy

We are committed in generating quality human capital, research output and professional services in Agribio by providing:

1. Sufficient infrastructure and expertise for research and development
2. Conducive teaching and learning environment
3. Efficient and effective professional services to meet customers' satisfaction
4. Training and consultancy services towards regional development and expansion of knowledge
