Visit from Southern University of Science and Technology (SUSTECH), China

18 August 2025

FKE welcomed a delegation from the Southern University of Science and Technology (SUSTECH), China. The visit served as a platform to exchange knowledge, explore research collaborations, and strengthen academic ties between UiTM and SUSTECH in advancing engineering education and innovation.

STEM Robotic: My Robot Explorer Challenge

21 August 2025

FKE in collaboration with the IEEE Photonics Society Malaysia Chapter (MyIPS), organized the "STEM Robotic: My Robot Explorer Challenge" at SK Salak, Bandar Baru Salak Tinggi. The program engaged Year 4 and Year 5 pupils in hands-on robot assembly using Arduino, aiming to spark interest in STEM, nurture creativity, and build a strong foundation in technology from an early age. This initiative is in line with UiTM's mission to produce a tech-savvy generation ready for the Industrial Revolution 5.0.
