Student Visit to MIMOS

26 November 2025

On 26 November 2025, students from FKE UiTM visited MIMOS as part of the CvSU Philippines Mobility Programme, marking a key stop in their industrial exposure. The visit featured sharing sessions, demonstrations, and interactive discussions with MIMOS subject matter experts, providing students with valuable insights into advanced technologies, ongoing R&D efforts, and real-world applications driving national innovation. The experience offered a closer look at the research and technology ecosystem at MIMOS, inspiring new ideas, sparking curiosity, and strengthening students' interest in contributing to Malaysia's future in science, engineering, and digital technology.
