Shah Alam, 22 May 2025 – Two students from the Faculty of Administrative Science and Policy Studies (FSPPP), Universiti Teknologi MARA (UiTM), have completed their Master of Public Policy (MPP) under the Dual Degree Program with Universitas Airlangga

(UNAIR), Surabaya, Indonesia.

Amirah Nadiah Binti Mohammed Faidzal and Ann Fernah Donnie graduated on 26 April 2025 during UNAIR's convocation ceremony. Both students enrolled in the program in October 2021, which enabled participants to obtain two qualifications: the Executive Master of Administrative Science (EMAS) from UiTM and the Master of Public Policy from UNAIR.

The Dual Degree Program is a collaboration between FSPPP UiTM and UNAIR, launched in March 2021. It aims to enhance students' academic and professional competencies through cross-border learning experiences.

Also present at the convocation were three Indonesian students enrolled in the program with FSPPP: Nabila Septia Rosa, Aulia Regita Dewi, and Ananda Helena, who began their studies in October 2023.

Amirah Nadiah described the program as "*Enrolling in this dual degree program is one of the best decisions I've ever made*." Meanwhile, Ann Fernah highlighted its relevance to current industry needs, adding that "the program offers a fast-track route to earning

two degrees and should be promoted more widely."

FSPPP continues to support academic collaborations that offer international exposure and build global competence among students.
