THE FUTURE OF PHARMACY STARTS HERE:

Welcoming the First PH260 Cohort

By: Nur Wahida Zulkifli, Abu Bakar Abdul Majeed, Hanis Hanum Zulkifly, Syahida Fathiah Ahmad Kamal, Norashikin Jamal & Noor Fazreen Atasha Md Hamisan

The Faculty of Pharmacy is delighted to welcome the first cohort of students enrolled in the new Bachelor of Pharmacy programme (PH260) for the September 2026 intake. This marks an exciting new chapter for the Faculty as we welcome our future pharmacists at the start of their four-year journey in pharmacy education.

To help students prepare for their studies, the Faculty has launched several initiatives during orientation week. Students received key information regarding the programme structure, courses, assessments, and academic expectations.

As part of these preparations, the Programme Coordinator delivered a pre-recorded briefing on effective learning techniques and tips for succeeding in the Bachelor of Pharmacy programme. The session introduced students to practical strategies for study skills, time management, and adapting to university life. A dedicated Q&A platform was also established to allow students to ask questions and clarify any concerns before the semester began.

On 28 September 2026, the Dean delivered a welcoming speech to the students. This was followed by a briefing led by the Deputy Dean (Academic and International Affairs). The briefing provided an overview of the programme and essential information to help students understand their academic journey at the Faculty of Pharmacy.

In addition, students were introduced to the pharmacy profession through a session entitled “Essential Skills for the Future Pharmacist”, delivered by the Programme Coordinator. The session highlighted the importance of developing essential skills such as critical thinking, communication, adaptability, innovation, and lifelong learning to prepare students for the future of their profession.

The Faculty is pleased to see that the new students have demonstrated enthusiasm, proactiveness, and passion from the very beginning. Their positive attitude and eagerness to learn are truly encouraging.

The Faculty of Pharmacy warmly welcomes all PH260 students. We wish you a meaningful and rewarding four-year journey with us. Enjoy your time, make wonderful memories, and grow into confident future pharmacists!
