ACKNOWLEDGMENT

Most of all, I want to acknowledge and thanks God with my deepest gratitude for the miracles He has performed in my life for the completion of this practical report. I am able to complete this assignment which facilitated the completion on this industrial training report. This Industrial training report would have not been carried successfully without the cooperation from many parties who contributes in preparing and completing this study

My sincere thanks and gratitude are extended to my dedicated and understanding advisor Sir Muhamad Syukrie Bin Abu Talip the lecturer of Universiti Teknologi Mara (UITM), for the guidance and assistance, understanding and commitment throughout the duration of this work. The encouragement, understanding, suggestion and criticisms were helpful in completing this practical report.

With this opportunity, I would like to thank the management of my estate, (Samarahan Plantations), Mr. Choo Yee Ching (Estate Manager), Mr. Mambai ak Ijau (Assistant Manager) for their knowledge, guidance and support during my training.

Apart from that I also would like to thank Mr. Edwin Kasa, Mr. Borhan Bin Mail, Mr. Nuli Ak Buja, Mr. Petrus Furri Ak Abron and Mr. Syech Firdana Indra Bin Faizal (Field Supervisor), Madam Lai Hui Khin (Chief Clerk), Madam Rabiah Bt Markosen, Ms. Christina Dorother Ak Abron, Mdm. Nor Diana Bt Salleh, Ms. Chung Sze Ming and Ms. Johanna Ak Andrew (Account Clerk) for helping me in obtaining useful information at the office.

Lastly, I thank almighty to all individuals and my friends who involved directly or indirectly in giving useful information and valuable comment for me in completing the practical report.

Thank You.

INTRODUCTION

In order to complete my studies in Diploma In Planting Industry Management at Universiti Teknologi Mara (UiTM), it was compulsory to undergo this course practical and industrial training. It is also designed to give exposure and experience to the students about the real situation in their respective fields and early preparation for students before they enter the working world. The training runs for three months starting from 05 December 2016 until 10 March 2017. I was stationed at Samarahan Plantations Sendirian Berhad, Sarawak.

Objective of The Industrial Training Program

1. To expose students to the actual working environment and gain knowledge in the field.
2. To practice the theory and practice learned in the college.
3. To expose student to safety practice and regulation in the working industry.
4. To instill the qualities, responsibilities and self-confidence.
5. To familiarize themselves with the workers at the industrial training place.

INTRODUCTION TO SAMARAHAN PLANTATIONS

Samarahan Plantations Sendirian Berhad is also known as Samarahan Estate which is officially a Private Limited Company on 15 January 1964. The company has established a lot of history that develop themselves. The oil palm planting to effort their productivity those make their own profit increase to Sarawak economy.

Before they established the Samarahan Plantation Limited at the same location, the Samarahan Rubber estate also cultivates planting the rubber at the same place. This is because in the year 1961 they have to export their rubber planting to Kuching which has increase in the amount $83.3 million. The rubber planting is majority cultivated by Mr. Shosuke (Japanese) since before the inhabiting Japanese on the year 1910. However, due to the decreases of the rubber prices, bring into being Samarahan Rubber estate cannot survive and eventually sold to the private owner of the Company Samarahan Plantations Sdn. Bhd. that still exist now. Consequently, the establishment of the company Samarahan Plantations is one of the most important economic assets to economic development in Kuching.
