PENGAJIAN KEJURUTERAAN AWAM

UNIVERSITI TEKNOLOGI MARA CAWANGAN PULAU PINANG

Message from Ketua Pusat Pengajian

Assalamualaikum Warahmatullahi Wabarakatuh and greetings,

It is a pleasure to welcome you to the 2025 edition of Buletin FKA. This bulletin brings together the activities, achievements and memorable moments of the School of Civil Engineering, UiTM Cawangan Pulau Pinang throughout the year.

Looking back, 2025 has been a meaningful year for our School. While the achievements recorded in this bulletin deserve recognition, I believe our true strength lies in the people behind them. Every programme, student activity, research initiative and community engagement reflects the time and effort contributed by our lecturers, administrative staff, technical staff and students.

As educators, our responsibility extends beyond delivering academic content. We must prepare our students to think carefully, act professionally and respond confidently to the challenges they will encounter as civil engineers. The engineering profession continues to change, and our students must be ready to work with new technologies while remaining attentive to public safety, environmental concerns and the needs of society.

I am particularly grateful for the cooperation shown by everyone throughout the year. Some contributions are clearly visible through awards, publications and successful programmes, while many others take place quietly behind the scenes. Both are equally important to the continued success of our School.

To our students, I encourage you to make full use of every opportunity available during your time at UiTM. Academic knowledge provides the foundation, but your willingness to learn, communicate and take responsibility will shape the kind of engineer you eventually become.

I would also like to thank our alumni, industry partners and collaborators for continuing to share their knowledge and experience with us. Their involvement helps ensure that our teaching and activities remain relevant to professional practice.

Finally, congratulations to the editorial team and everyone who contributed to this edition. I hope Buletin FKA 2025 will serve as a meaningful record of our shared journey and remind us of what we can accomplish when everyone contributes.

Thank you and Wassalam.

Kapt. (PA) Ts. Dr. Muhamad Faizal bin Pakir Mohamed Latiff

BowlBOND 2025: Strike, Smile & Semangat Satu Pasukan!!!

Mazlina Razali, Muhamad Faizal Pakir Mohamed Latiff, Nik Farhanim Imran, Azura Ahmad, Nor Janna Tammy, Mohd Zaini Endut, Roseffendy Ramlan, Anas Ibrahim, Suzana Ahmad, Nurul Nor Fazlina Fazil, Mohamad Azrul Aswad, Siti Rahimah Roselli, Salahuddin Abdullah, Muhammad Hasbullah Hassan Basri, Amer Khomeiny Ruslan, Mohd Khairul Azhar Ismail

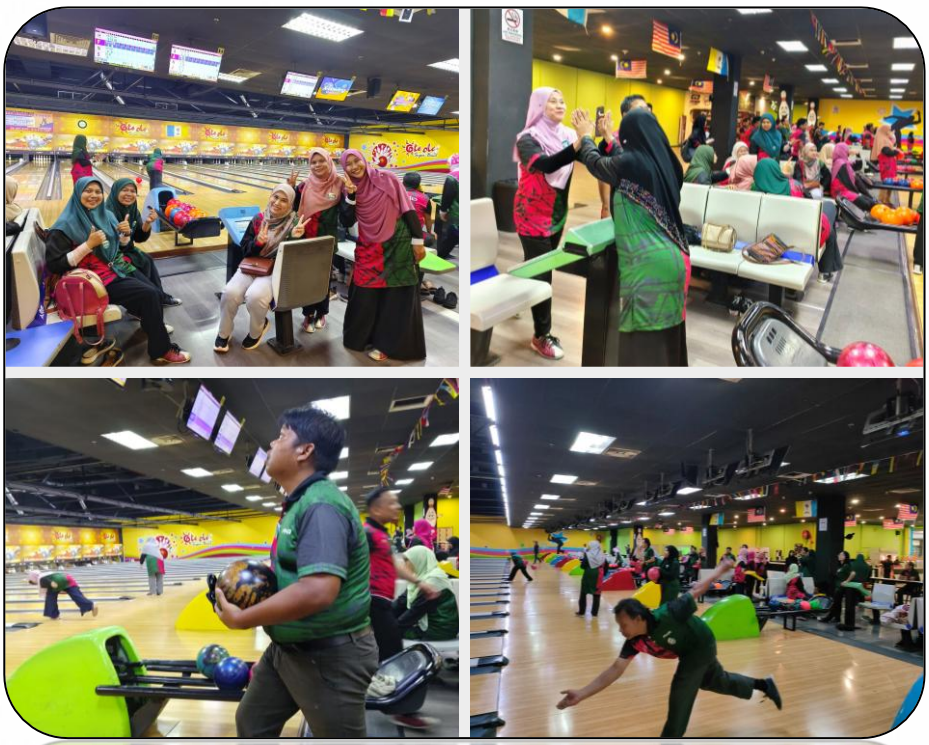

Rabu, 3 September 2025 menjadi hari yang penuh warna dan gelak tawa apabila warga Pengajian Kejuruteraan Awam (PKA), UiTM Cawangan Pulau Pinang berkumpul dalam program istimewa BowlBOND 2025. Bertempat di Ole Ole Superbowl Mydin, Bukit Mertajam, aktiviti bermula dari jam 1.45 petang hingga 5.00 petang, menghimpunkan 64 orang peserta terdiri daripada pensyarah, penolong jurutera dan pembantu makmal dalam satu misi yang sama: berseronok sambil mengeratkan silaturrahim.

Program ini dianjurkan oleh Unit Kebajikan, Sukan dan Khidmat Masyarakat PKA sebagai platform santai untuk membina suasana kerja yang lebih harmoni, positif dan penuh semangat kekitaan. Dalam dunia kerja yang sentiasa sibuk, BowlBOND hadir sebagai ruang rehat bermakna untuk semua warga bergerak aktif, menyegarkan minda, serta menikmati kebersamaan tanpa formaliti.

Gambar 1: Ketibaan peserta dan suasana pendaftaran serta permulaan program BowlBOND 2025

Seawal program bermula, suasana sudah terasa meriah dengan sesi pendaftaran dan pembukaan (Gambar 1). Apabila permainan dimulakan, setiap lorong seolah-olah mempunyai cerita tersendiri, ada yang tampil yakin seperti atlet profesional, ada yang fokus memburu strike, dan ada juga yang ketawa apabila bola tersasar ke longkang. Namun, itulah keindahan BowlBOND kerana yang paling utama bukan sekadar kemenangan, tetapi kebersamaan. Sorakan kecil, tepukan spontan dan semangat saling menyokong menjadi energi sepanjang pertandingan. Momen paling manis ialah apabila setiap peserta tetap memberi galakan dan meraikan setiap percubaan, sama ada jatuh semua pin atau hanya satu pin sahaja (Gambar 2).

Gambar 2: Antara aksi peserta semasa permainan bowling berlangsung (moment strike / teamwork / gelak tawa)

Program diteruskan dengan penyampaian hadiah serta sesi bergambar sebagai tanda kenangan bersama (Gambar 3). Secara keseluruhannya, BowlBOND 2025 bukan sekadar pertandingan bowling, malah menjadi simbol kebersamaan warga PKA yang meraikan hubungan kerja dalam cara yang lebih ceria, santai dan bermakna. Diharapkan program ini dapat diteruskan sebagai aktiviti tahunan bagi menyuburkan budaya kerja yang positif dan memperkukuh semangat satu pasukan.
