ABSTRACT

Seri Aman Caterer is a food business that focus on food catering for wedding, corporate events, private parties and hi-tea that located in Banting, Selangor. Currently, this food business is using manual method of booking where customer need to meet with the stakeholder for discussing about what catering service that customer want for their event. From the current process, the aim of this project is focusing on solving the problem that Seri Aman Caterer had where to develop a management system for Seri Aman Caterer. The problem that Seri Aman Caterer faces are no reference for their customer in order to booking Seri Aman Caterer service, last minute changes of the event menu and the last problem is late payment from their customer. From all the problems that Seri Aman Caterer had, the objectives are to gather and analyze the requirement, to design the system based on requirements and to develop the system based on the design for Seri Aman Caterer. In order to achieve the objectives, an interview session with the stakeholder have been made for gather the requirements. Other than that, the requirements and design is documented in Software Requirement Specification (SRS) and Software Design Document (SDD). From that, the system is develop by referring the SRS and SDD. During completing this project, the methodology that had being used is waterfall model where this type of methodology is suitable with short term project where the duration that being given in completing this project is just a year. In completing this project that have a few plan that have being documented for the project future work. The main future work is to make a testing with stakeholder. Where this testing will ensure that this project are truly based on needs and expectation.

ACKNOWLEDGEMENT	iv
ABSTRACT	v
TABLE OF CONTENT	vi
LIST OF FIGURES	x
LIST OF TABLES	xii
LIST OF ABBREVIATIONS	xiii
 CHAPTER ONE: INTRODUCTION	 1
1.1 Project Background	1
1.2 Problem Statement	2
1.3 Project Aim	3
1.4 Project Objectives	3
1.5 Project Scope	3
1.6 Project Significance	3
1.7 Summary	4
 CHAPTER TWO: LITERATURE REVIEW	 5
2.1 Overview of Information System	5
2.1.1 Types of Information System	6
2.1.2 Information System Platforms	10
2.2 Related Work of Online Catering Systems	12
2.2.1 Jasper’s Catering Services	12
2.2.1.1 Features	12
2.2.2 Aleena Caterer	15
2.2.2.1 Features	156
2.2.3 Sun Jaya	17
2.2.3.1 Features	178

2.2.4	Summary of Catering System Features	22
2.3	Development Approach	23
2.3.1	Waterfall	23
2.3.2	Agile	26
2.3.3	Rapid Application Development	28
2.3.4	Iterative	30
2.3.5	Comparison of Development Approach	31
2.4	Discussion	34
2.5	Summary	35
CHAPTER THREE: METHODOLOGY		36
3.1	The Selection of Methodology Approach	36
3.2	The Description of Methodology	37
3.2.1	Requirement Gathering and Analysis	38
3.2.2	System Design	38
3.2.3	System Development	39
3.3	Summary	39
CHAPTER FOUR: RESULTS AND ANALYSIS		40
4.1	Requirement Gathering and Analysis	40
4.1.1	Review the Literature	40
4.1.2	Interview the Stakeholder	42
4.1.3	Analyse the Requirement	44
4.1.4	Document the Requirement	50
4.2	System Design	50
4.2.1	Design the Database	51
4.2.2	Design the User Interface	56
4.2.3	Document the Design	59
4.3	System Development	59
4.3.1	Code the System	59
CHAPTER FIVE: CONCLUSION AND RECOMENDATION		62
5.1	Conclusion	62
