## **ABSTRACT**

The transformation ITM becomes to be UITM there are many thing are to be transform especially transform on that building. The refurbishments are carried out in transformation of ITM become UITM but at the same time there are problem occur from the refurbishment work. The study has a specific objective to achieve in the end. The primary of objective is to identify the type of refurbishment work carried out in UITM Shah Alam from years 2001 to 2009. Second objective to categorize type of refurbishment carried out in UITM Shah Alam from years 2001 to 2009 and the third objectives is to evaluate the performance of refurbishment work to meet the user needs. This dissertation include the outline of introduction and to the subject each topic. this dissertation also include the statistic type of refurbishment carried out in UITM Shah Alam and also the category type of refurbishment divided by two which is classification by uses and classification by work. Research methodology which had been applied in the six case studies is through observation, and interview involved person in refurbishment work. The analyses of questionnaire are to define in this dissertation to ensure the level of safety and quality of refurbishment work are carried out in UITM Shah Alam. Finally, conclusion from the research finding and the recommendation are be made in the last chapter to improve the performance of refurbishment work to meet the user need.

LIST OF CHART	iii
ABBREVIATIONS	iv
<b>CHAPTER 1 INTRODUCTION</b>	
1.0 Introduction	1
1.1 Statement of Problems	4
1.2 Scope and Limitation of study	5
1.3 Objectives of Study	6
<b>CHAPTER 2 LITERATURE REVIEW</b>	
<b>Introduction of University Teknologi Mara (UITM)</b>	
2.1.0 Introduction	7
2.1.1 Faculties in UITM	7
2.1.2 Campuses in UITM	10
2.1.2.1 Shah Alam Main Campus	10
2.1.2.2 Campuses in All States in Malaysia	11
2.1.3 Residential College	12
2.1.3.1 Residential colleges in Main Campus	13
<b>Building</b>	
2.2.0 Introduction of Building	14
2.2.1 Definition of Building	14
2.2.2 Classification Uses Of Building	15
2.2.2.1 Residential	15
2.2.2.2 Institutional	15
2.2.2.3 Offices	16
2.2.2.4 Hall and places of assembly	16
2.2.3.5 Factories an workshop	17
2.2.3.6 Warehouse and store	17
2.2.3.7 Shop	17
2.2.3 Requirement of the building	18
2.2.3.1 Functional requirement	18

2.2.3.2 Performance requirement	19
2.2.3.3 Statutory requirements	19
2.2.3.4 User requirement	20
2.2.4 Building structure	21
<b>Refurbishment</b>	
2.3.0 Definition of Refurbishment	22
2.3.1 Refurbishment in Malaysia	23
2.3.2 Starting Points for Change of Use	25
2.3.3 The Type of Refurbishment	26
2.3.4 The Availability of Building Suitable For Refurbishment	29
2.3.5 The Quality of the Building Suitable For Refurbishment	30
2.3.6 The Shorter Development Period	31
2.3.7 The Economic Advantages	32
2.3.7.1 Expected Rental Income	34
2.3.7.2 Expected Capital Value	34
2.3.7.3 Estimate Cost of Development	35
2.3.7.4 The Cost of Acquiring the Site	37
2.3.7.5 The Cost of Financing the Refurbishment Scheme	37
2.3.8 The Architectural Advantages	38
2.3.8.1 Availability of the Existing Infrastructure	39
2.3.9 The Social Advantages	39
2.3.10 The Environmental Advantages	40
2.3.11 The Performance of Refurbishment Project	40
2.3.12 Refurbishment in Occupied Building	43
2.3.13 Policies and Legislation Related To Refurbishment Projects	
In Malaysia	44
2.3.13.1 Antiquity Act 1976	45
2.3.13.2 Town and Country Planning Act 1976	46
2.3.13.3 Local Government Act 1986	46
<b>Health and Safety of Refurbishment</b>	
2.4.0 Introduction	47

2.4.2.2 National Institute of Occupational Safety and Health (NIOSH)	50
2.4.3 Forming Of Safety and Health Committee	51
2.4.3.1 Responsibility Involve Parties	53
2.4.4 Demolition Work	55

## **CHAPTER 3 RESEARCH METHODOLOGY**

3.0 Introduction	56
3.1 Primary Data	56
3.2 Secondary Data	59
3.2 Data Analysis	59
3.3 Conclusion	60
3.4 Summary of Methodology	61

## **CHAPTER 4 CASE STUDY**

4.0 Introduction	62
4.1 Rehabilitation of the Teratai College 1	63
4.1.1 Building Background	63
4.1.2 Location Plan	65
4.1.3 Refurbishment Work	66
4.1.3.1 Type of Refurbishment	68
4.1.4 Structure Interview Data Collection	69
4.1.4.1 Reason to refurbishment	69
4.1.4.2 Health and Safety	69
4.1.4.3 Complaint about the Problem of Refurbishment Work from Occupant	71
4.2 Repair of the Seroja College 3	72
4.2.1 Building Background	72
4.2.2 Location Plan	74
4.2.3 Refurbishment Work	75
4.2.3.1 Type of Refurbishment	77
4.2.4 Structure Interview Data Collection	78
4.2.4.1 Reason to Refurbishment	78
4.2.4.2 Health and Safety	78
4.2.4.3 Complaint about the Problem of Refurbishment Work from Occupant	80
4.3 Renovation Sultan Abdul Aziz Shah (SAAS) Tower	81
4.3.1 Building Background	81
4.3.2 Location Plan	82
4.3.3 Refurbishment Work	83
4.3.3.1 Type of Refurbishment	84
4.3.4 Structure Interview Data Collection	85
