

**MALAYSIAN CONTRACTOR AND THEIR GLOBALISATION
AWARENESS**

By

MOHAMAD NAJIB BIN ISMAIL

Report is submitted as
The requirement for the degree of
Bachelor Engineering (Hons) (Civil)

UNIVERSITI TEKNOLOGI MARA

NOVEMBER 2006

DECLARATION

I Mohamad Najib Bin Ismail, 2002611737 confirm that the work is my own and the appropriate credit has been given where references has been made to the work of others.

(.....)

ACKNOWLEDGEMENT

In the name of ALLAH, the most gracious and is most merciful, with His permission, the proposal of the project has been successfully completed. Praised to Prophet Muhammad, His companion and those who are on the path as what he preached upon, may ALLAH almighty keep us blessing and tenders.

First and foremost, I would like to express my sincere gratitude to my supervisor Pn. Janidah Eman for her patience, guidance, support, and sincerity for assisting me during the preparation of this report.

Finally, I would like to express my special gratitude to my beloved parents, Ismail Bin Naim and Rosnani Binti Ismail for their encouragement and their moral support and also special thanks to whom have directly or indirectly given me support and help that did not mention their names here for their help and their understanding during the progress of studying in Universiti Teknologi MARA, Pulau Pinang.

MOHAMAD NAJIB BIN ISMAIL
(NOV 2006)

ABSTRACT

Construction industry is a supporting for the manufacturing, transportation, facilities and so forth. The nation's construction industry will require credible master plan to lead its path for future competitiveness and increasing the growth potential. Globalisation is a phenomenon that has remade the economy virtually every nation, reshaped almost every industry and touched billions of lives. Globalisation is meant to signify integration and unity. This research is carried out to understand the Malaysia construction industry and to determine the percentages of the contractor that aware about the globalisation in construction industry. This research is including the comparison level awareness between bumiputra and non-bumiputra contractors. The data collected are based on questionnaire and interview. All the data analyzed by using SPSS and Microsoft EXCEL.
