Acknowledgement

Assalamualaikum wbt. First of all we are very thankful to Allah S.W.T because we complete our assignment with the period given. We would like to express profound gratitude to our lecturers, for our supervisor Dr. Alia Binti Abdullah Salleh, and also thanks to Dr. Mohd Fadzil Bin Mat Yasin for their invaluable support, encouragement, useful suggestion throughout this Integrated Final Project for BSR330 and continuous guidance enabled us to complete our work successfully.

We also want to take this opportunity thanks to the owner of the building, UEM EDGENTA BERHAD for their commitment for help us to complete our assignment. Also special thanks to Encik Fateh Aiman Bin Shamsudi Kamil, Facility Manager UEM Edgenta Berhad for given us a lot of knowledge about maintenance in UEM Edgenta Berhad. We also would like to thanks to our parents for encouraging us doing this task and their support from financial issues, for their love and encouragement. We have received so much personal support from our families.

Last but not least, we would also like to congratulate ourselves for complete this assignment successful, with the co-operation and teamwork from our group members. Thanks also for our beloved classmates for their support, we finally get to submit this assignment on the due date in a very satisfying condition. Thank you.

Abstract

The building that we choose and decide for our case study is UEM Edgenta Berhad. UEM Edgenta Berhad is sited at Tower 1, Avenue 7, Jalan Kerinchi, Bangsar South, 59200 Kuala Lumpur, Wilayah Persekutuan Kuala Lumpur. This building is situated at Bangsar South City. Generally, this building is the medium rise building that was built at year 2012 and complete at year 2015 and operation at year 2015. So, this building now is around 5 years. This building is the office building. For the overall of our case study, this building not so much have the defects and had very good maintenance. It just take an action towards priority and also emergency. The services for the cleaning is very good and had very awesome landscape. For the maintenance budget is the main role for this building to ensure the building in a very good condition and had very good maintenance management. This building also have good services and maintained for the safety and health of occupants.
