INTRODUCTION

Nomarc company has been found with purpose to give the people the services to explore our natural forest and give them some knowledge how to survive in the forest.

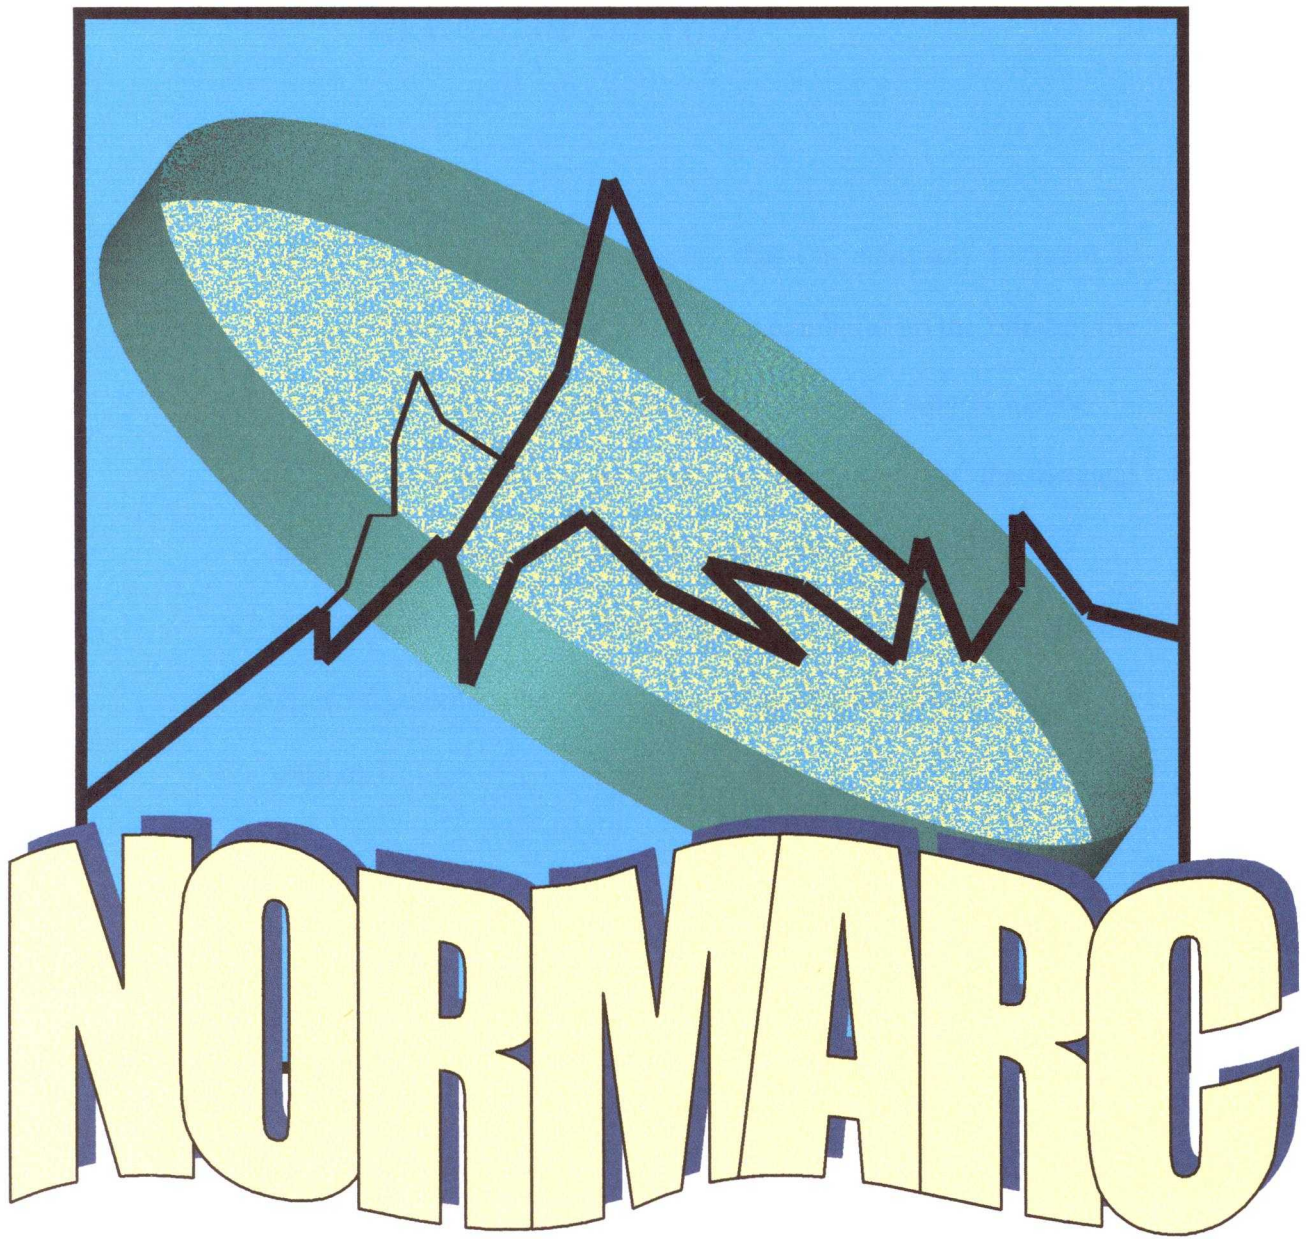

We also sell them the adventure equipment, which are rarely found in our country in cheap prices such as backpack, camp, survival knives and etc.

As a 100% Malay company, Nomarc company which operation situated in Kangar, Perlis give full attention to satisfy our customers with quality products and services. We want our company has good name to our customers.

With our sales and services we hope that we can give knowledge to our customers about the fauna in the forest. We also hope that our customers love and care for our natural wildlife and protect them from being extinct.

The customers also can make new friends with one another and can make business because many of our customers are the working people so they can cooperate in their life such as business, sports and others social activities.

Nomarc company will operated on 1st January 1999 and are desire to care for our natural environment from being extinct.

MEANING OF THE LOGO

- MOUNTAIN in the logo means that our company program is based on the challenging activity that can build up the mind of the youth so that they will appreciate and enjoy the natural scenery.
- BLUE background in the logo is the symbol of the original landscaping view that is given by Allah SWT.
- GREEN ellipse shows that our company is concerned and supports any kind of activities that are trying to protect our forest from being extinct.
