ACKNOWLEDGEMENT

Several others have given a great amount of encouragement and support in the progress and eventual result of this project and I am pleased to have that complete in my career. All I've accomplished is only because of such support and help. I'd rather fail to thank them.

With due gratitude and appreciation to Madam Asiah BT Ali for offering me a chance to do the project work and helping those of those who completed the job. I am so thankful to her for the help and encouragement she has offered her family and careers, while she has had a busy schedule.

I thank you greatly for the concern you have shown in our project work and driven us over the duration of our project by providing you all the details you need to build a strong business strategy. I am grateful to obtain continuous encouragement from all my friends and colleagues to help us effectively achieve our venture. I would also like to express our heartfelt gratitude to all those that are explicitly or indirectly contributing.

EXECUTIVE SUMMARY

The future looks promising for MT4 Bags in Banting, especially around Banting Town which is heading towards rapid development. There are already a number of commercial and luxury business shop developments in the surrounding area. The development of mixed shops that contradict what is being sold, sales revenue and the possibility that some already have customers nearby is also underway.

we hope to meet the hopes and aspirations of developing the local apparel market and inspire young people to offer. In the planning of a team member of our sustainable production, continuity and efficiency at all expense, four guiding principles need to be developed to achieve our goals. It is important to take the following steps. With the increasingly growing developments and excitement of the world today, our company guarantees our commitment on handbag moding patterns on the sector as one of our goals is to overstate our business power.

Although there are now more than five businesses offering the same business as us in Banting Town, only three of them offer online business and open for hiring agents or dropship to further expand our business empire here so that the whole of Malaysia even abroad can also feel wear or use the product we sell i.e. handbags.
