Rahman

## AKNOWLEDGMENT

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

Alhamdulillah, praise to Allah S.W.T, our creator for giving me strength to prepare this final year project with all the patience and encouragement that have been motivated me to finished it. Therefore, I would like to take this opportunity to express my gratitude to those involve directly or indirectly.

First of all, I would like to express my special thanks and my sincere appreciation to my final year project supervisor, Dr. Suharto Bin Teriman, for the opportunity to conduct this research study and guide me to complete this final year project. A big thank you also goes to my beloved family for their love, prayer, and sacrifices for educating and preparing me for my future. I would like to express my special thanks to my fellow friends for always giving a moral support and their constant encouragement.

Not forgetting also to the coordinator of final year project, Dr Nor Eeda Binti Hj Ali and Miss Ana Kashfi Binti Muhamad for the guidance and initiatives that they provide in completing my final year project.

## **ABSTRACT**

This study is being conducted about the evaluation of street furniture in Jalan Dhoby and Jalan Tan Hiok Nee, Johor Bahru. The study area covered the area of Jalan Dhoby and Jalan Tan Hiok Nee which it consists of commercial area. For the literature review, it will be explain on the elements of street furniture that need to be evaluate. The literature review also reviews on the design and principle that need to be implement in this study. Besides that, the data collection method used to carry out the study are questionnaire and observation survey. A total of 30 respondents are required in gathering the data. Each of those method provides a different output for this study. So, for the observation survey method is carried out by making a detailed observation and inspection on site which is Jalan Dhoby and Jalan Tan Hiok Nee, Johor Bahru, Johor. Data analysis and findings has been carried out after the data collection is completely done, the findings from the analysis will be the basic preparation of making an appropriate recommendation and conclusion. The recommendation that has been set up is mostly are to develop and enhance the street furniture in Jalan Dhoby and Jalan Tan Hiok Nee. It is to create the sense of place and represent the identity of the place at the same time to increase the users perception on the street furniture in Jalan Dhoby and Jalan Tan Hiok Nee, Johor Bahru, Johor.
