1.0 INTRODUCTION

The name of our company is Borneo Taste. Our Restaurant will serve the food that use fish as our special ingredient. We use our own ideas to create a new great taste that will satisfy our customer. We are taking this business opportunity to start our own business because we believe that our new ideas and recipe can compete with other restaurants.

Our target customers are all ages including children and adults. We provide with many different tastes of fish products that will meet this total customer satisfaction. For examples, we serve traditional food such as Ikan tuhau and Bambang where mostly the people who live in Kundasang are village people.

Our business will operate at Borneo Taste Restaurant, Block B, Lot 14, Pekan Kundasang, 89308, Ranau, Sabah. We choose this place because the place is lack with restaurants also as we know at Kundasang it is hard to find a fish. This provided us with opportunity to run our business plan.

This business has a high potential to expand. We are prospecting to increase our profit every year and can promote our products in international level.
