ABSTRACT

Assalamualaikum w.b.t. My name is Nur Syakina binti Azmi. I am student from the Faculty of Civil Engineering UiTM Pasir Gudang. The main reason engineering students need to do Industrial Training (IT) is so they are well prepared for a graduate job in their chosen field. It is a chance for us to put what we have learned at university to work in the kind of real-life situations we will come up against when we start our career.

The internship report in broad-spectrum contains four (4) chapters in which I try to explain my eight (8) weeks experience in my hosting company, TPM Technopark Sdn. Bhd. The content of all chapters is broadly explained and it is constructed from the practical basis of site work.

In the opening chapter, I give details to the company background include its mission, vision, the project those runs during my internship session. In this chapter I put all record or history and futurity of my hosting company with its official address. So, it is give details of the company in term the reader can easily know and access the company.

The second chapter is the most hunted chapter where I need to explain my overall internship familiarity of my successive months. This chapter is the main chapter and I record on it the overall work I have been executing weekly. It gives a high light of what I have been doing and main work of construction industry.

After all those chapter explained above, I goes to the third chapter where I need to list out several problem that encountered at site and how to overcome the issues. Other than that, I will summaries my experience that I had gained during my internship session in these eight weeks.

Last but not least, the last chapter is the conclusion for overall of my intern where i explained about lesson learned, knowledge gained, and suitability of organisation for other students. Inside the site we get many things which are appropriate and inappropriate for work as project manager, thus I comment and give my recommendation in some conditions and works.

ACKNOWLEDGEMENT

The internship opportunity I had with TPM Technopark Sdn. Bhd. was a great chance for learning and professional development. Therefore, I consider myself as a very lucky individual as I was provided with an opportunity to be a part of it. I am also grateful for having a chance to meet so many wonderful people and professionals who led me through this internship period.

Bearing in mind previous I am using this opportunity to express my deepest gratitude and special thanks to En. Abd. Hamid bin Senin, the Senior Manager of TPM Technopark Sdn Bhd who in spite of being extraordinarily busy with his duties, took time out to hear, guide and keep me on the correct path and allowing me to carry out my intern at their esteemed organization and extending during the training.

It is my radiant sentiment to place on record my best regards, deepest sense of gratitude to Mr. Mohamad Helmi bin Isa, Engineer, Mr. Md. Zain bin Mahat, Senior Technician, Mr. Helmyizan bin Hamid, Senior Technician and Ms. Nurul Erny Enyza binti Buang, Technician for their careful and precious guidance which were extremely valuable for my study both theoretically and practically.

I express my deepest thanks to Nurul Amira binti Amir and Azmir Azwar bin Baharin which are my internship members for taking part in useful decision & giving necessary advices and guidance and arranged all facilities to make life easier. I choose this moment to acknowledge his and her contribution gratefully.

I perceive as this opportunity as a big milestone in my career development. I will strive to use gained skills and knowledge in the best possible way, and I will continue to work on their improvement, in order to attain desired career objectives. Hope to continue cooperation with all of you in the future.
