ACKNOWLEDGEMENT

“In the name of Allah, The most Gracious and Peace be upon His Messenger, the holy Prophet Muhammad SAW.”

First and foremost, I would like to express my gratitude to The Almighty for giving me the patience and strength to plod on despite my constitution wanting to give up and throw in the towel, thank you so much Dear Lord.

This research project would not have been possible without the support of many people. I wish to express my gratitude to my supervisor, Associate Prof. En. Mohamad Safri Bin Ya who was abundantly helpful and offered invaluable assistance, support and guidance.

Deepest gratitude is also due to the member of the supervisory committee, Cik Ina Murni Binti Hashim, without her knowledge and assistance this study would not have been successful.

Special thanks also to all my graduate friends, especially group members BM2306A class of 2010 for sharing the literature and invaluable assistance. Not forgetting to my best friends who always catch me up when I feel demotivated.

My love and gratitude goes to my beloved families; for their understanding & endless love, through the duration of my studies.

And this paper is specially attributed to my dear husband, Mr Khairul Ariffin Bin Rezo, for his unconditional love and support. Thank you for being there.
