ACKNOWLEDGEMENT

I truly thank God the Almighty for the knowledge and strength that He gave to me to accomplish this work successfully. My sincere gratitude goes to my advisor Madam Wan Hasni Wan Hasan. Her tireless efforts and constructive feedback had made me see light when sometimes I lost all hope. I greatly indebted to her for helping me to overcome obstacles in the process of conducting this project paper. Then, my appreciation also goes to my second advisor Madam Suraya Binti Husin for her help and constructive comments as well as her suggestion which helped me to improve quality of this project paper. My appreciation also goes to my family for their encouragement and moral support. Thank you to them from the bottom of my heart. The special thank also are dedicated to my friends, UiTM library staffs and lecturers who always give support, ideas and suggestions in order to complete this project paper.
