Ramadhan and Birthday Celebration

On the 16th March 2023, the Recreation and Welfare Club of Faculty of Pharmacy, UiTM organised a program to celebrate Ramadhan and staff birthday. A total of 75 staff attended this program.

This ceremony was held to prepare staff spiritually, mentally, and physically before welcoming the month of Ramadhan. The *Surah Yasin* recitation and *tazkirah* were given and led by Ustaz Haji Saiful Anuar Mohamed Sani from the Islamic Affairs Unit, UiTM Puncak Alam Campus.

The *Tazkirah* highlighted the advantages of the month of Ramadhan in cultivating the nature of *mahmudah* and encouraging good practices during Ramadhan. Nine (9) priorities of Ramadhan were discussed during the *Tazkirah*; 1) Reciting Al-Quran- it is encouraged to recite Al-Quran frequently during the whole month of Ramadhan and this will intercede later on the Day of Judgment. 2) It is the month of patience- fasting during Ramadhan does not only restrain hunger and thirst but also all other emotions and desires . 3) It is a blessed month. 4) The gates of Heaven are open during this month. 5) The Night of Lailatul Qadr- the night of Lailatul Qadr is one of the most blessed nights in the Islamic calendar and any good deed done during this month is better than doing the same good deed in a thousand months. 6) Dua' during Ramadhan is the most powerful. 7) It is the month of forgiveness. 8) It is the month of Sadaqah and Zakat and the last one is 9) It is the month of Umrah – people who perform Umrah during Ramadhan will get the same reward as those performing Hajj.

The session continued with the birthday celebration of staff born in January, February and March . It is hoped this programme is able to enhance staff's well-being and foster good relationships among them. The ceremony concluded with a photo session, after which the entire staff was invited to enjoy the 'potluck' food that had been prepared.
