ABSTRACT

This study will look at the important of IPA and how diction class can solve the diction problems among voice students in Faculty of Music, UiTM, Shah Alam. The purpose of this study was to find out the diction problems among voice students in singing foreign languages and the importance of diction class, also the student's perceptions on the importance of learning diction in singing foreign language. This study involving 30 voice students in Faculty of Music, UiTM, Shah Alam. From the findings, the result can be obtained from the questionnaire that has been distributed.

ACKNOWLEDGEMENT

BISMILLAHIRRAHMANIRRAHIM..

“In the name of God, the Most Gracious and Most Merciful”

In completing a project of this extent, there are many people that I would like to thank for their support and encouragement. I would like express my gratitude and special thanks to my advisor, Miss Tan Cheng Shuan for her guidance, supportive advice and his great patience in the accomplishment of this study.

I would also like to extend my greatest thanks to my fellow colleagues in spending a small portion of their time in answering my questionnaire. Without their help, this study has no meaning.

Aside of that, I would also like to thank my family in supporting me with care and tolerance in completing this study. Not to forget my dear close friends in assisting and fixing small errors that I have missed. Thank you so much
