I would like to express my deepest appreciation to all those who provided me the possibility to complete this report. A special gratitude I give to my final year project coordinator Sr. Nurfaizal bin Baharuddin whose contribution in stimulating suggestions and encouragement, helped me to coordinate my internship especially in writing this report.

Furthermore, a special thanks goes to my supervisor from MARA University of Technology (UiTM) Sr. Mariaty Mohd Bahari for the endless guidance and assistance throughout my entire internship and the completion of my report. Moreover, I would like to appreciate the guidance given by my panel especially in my project presentation that is yet to improve my presentation skills. This is all thanks to their comments and advices.

The internship opportunity I had with XJOB Holdings Sdn Bhd was a great chance for learning and professional development. Therefore, I consider myself as a lucky individual as I was provided with an opportunity to be a part of the company. I am also grateful for having a chance to meet so many wonderful people and professionals who led me through this internship period.
