## **ABSTRACT**

Practical training course is one of core subject in building surveying programmed. All the student must take this course in semester sixth as a last semester in this programmed. They should be choosing any company that to find their place to do practical training same with their programmed.

To do the practical training, I was choosing the private company of the SPP Development Sdn. Bhd. This company do the housing, shop lot and apartment development and I was under the construction management. The charge man, Mr. Nik Abdullah Bin Nik Ibrahim as an i.o. (Inspection Officer) for the architecture in the construction site had been appointed to be my supervisor at the construction site during the training.

During the practical training, I was exposed to visiting the construction site for apartment and survey the progress of the construction. I'm also must do the checklist for the construction progress.

Practical training will be end after four months the students complete the training.

At the last semester before finish this course, the student must be prepared a report according to the topic that they are choose and relevant with their job was they do during practical training.

## **ACKNOWLEDGMENT**

In the name of Allah, the most Gracious, the Most Merciful, I like to draw of palm to show my faith and gratefulness towards HIS upon, divine patience strength and great determination in competing my task.

With love, trust and respect, I would like to thanks is to my beloved Building Survey Lecturer and supervisor that guide to complete my task Puan Nadira Binti Ahzahar who always be there for teaching with all of her love. The supervision and support that she gave truly help the progression and smoothness of the practical report. The co-operation is much indeed appreciated.

Not forget to wish the special thanks to the all of officer and staff of SPP Development Sdn. Bhd. especially to Mr Nik Abdullah Bin Nik Ibrahim which is my site supervisor. And also a big contribution and hard worked from all staff during the four month is very great indeed. All the work that I was handles during practical training not is successfully without the cooperation and guidance from all staff at the site office D'Perdana.

The practical training was makes me learn about the working together in a team to complete a perfect job and it also as a new experience in working environment before I go to real working which challenge us every minute.

Last but not least, I would like to thanks to my family and friends especially those who work together at site office D'Perdana. Thanks for help me to implement the final report of practical training was be completed successfully.
