ACKNOWLEDGEMENT

First of all, thanks to ALLAH S.W.T for his mercy and guidance in giving we full strength to complete this “Integrated Final Project” assignment. Even facing with some difficulties in completing this task, we still managed to complete it. A lot of thanks to our supervisor to this subject Puan Intan Bayani binti Zakaria for giving us advice and guidance for doing this assignment in the class and also thanks to Encik Nurfaisal bin Baharuddin also giving us advice and guidance step by step for doing assignment.

Special appreciation to Puchong Financial Corporate Center (PFCC) for giving our group permission doing this building as a case study and great co-operations every time we going visit the building. And thanks to the person in charge us Encik Adznan tarmizi bin Razila as a senior maintenance executive in this building.

Then, not forgetting our parents who have given a lot of moral support and encouragement. Last but not least, we also would like to thanks to our group member and other friends that give us more information about this assignment and always support us from behind.

Thanks.
