Section 1.4 on the other hand, state the research objectives and Section 1.5 is on the information regarding the scope of the study. In addition, Section 1.6 explains the significant of study and lastly Section 1.7 is all about definition of terms and concepts.

1.1 BACKGROUND OF STUDY

Generating extra income is no more extravagance but it has become a basic need. With the era of modernization, the situation had force people to work hard to be on a par with the high cost of lifestyle to survive. Nobody's job is assured or safe, it is because of the high rates of unemployment issues and the rising of job losses have taught us to be more extra vigilant. For most people, unfortunately, their current job are the only source of their income, which can be a risky way to live. Although, some couples may be more lucky and have a spouse who can contribute money every month, but they are still depending on a job for their livelihood. (Moolnomy, 2010)

The transformation of modernization with the highly standard of lifestyle forced people to compete with each other to live. To have a better lifestyle, the circumstances have exigent people nowadays to hunt for an extra income. In order to generate an extra income, people will tend for a way of doing extra job. According to Datuk Ahmad Maslan (2015), having an extra job idea can tackle the rising living costs issue. It is because by doing an
