Signature of Student : .....

Date : December 2019

## ABSTRACT

Job satisfaction is one of the most important thing for every employee in organisation around the world. This research aims to identify the contribution, effect and level of effectiveness of Islamic work Ethies on job satisfaction in organisation. This research is based on the data that obtained from survey questionnaire that polled worker view regarding the effect of Islamic Work Ethic on Job Satisfaction in organization based on employee perception. The amount of respondent is 250. The data analysis uses to gather the result is version 22 of IBM SPSS Software. The R-squared is equivalent to 1, the

Dependent variable are determined by the regression used by the independent variable. This finding show that the implementation of Islamic work ethic in organization influenced job satisfaction among employees.

## ACKNOWLEDGEMENT

Firstly, Alhamdulillah we would wish to thank Allah for giving us the opportunity to participate in this kind of assignment which gives us a lot of knowledge and experience throughout completing this assignment.

In performing our assignment, we had received and take the help and guideline of some respected person, who deserve our greatest gratitude. The completion of this assignment gives us so much pleasure. My thanks and gratitude go to my coordinator Madam Aflah Binti Isa @ Darami. We would like to show our gratitude to our advisor Puan Zairah Hamid Ghul for giving us a good guideline for assignment throughout numerous consultations.

We would like to thank many people especially our respondent, classmates and who have made valuable suggestions and comment on this proposal which gave us an inspiration to improve our assignment and to expand our gratitude to all those who have been directly and indirectly guided us throughout writing this assignment.

Last but not least, we would like to thank our family who have been giving us a nonstop support to make this assignment become successful.
