MARCH 2021

STUDENT'S DECLARATION

I hereby declare that this report is my own work, except for extract and summaries for which the original references stated herein, prepared during a practical training session that I underwent at LAKU Management Sdn Bhd for duration of 20 weeks starting from 1st March 2021 and ended on 16 July 2021. It is submitted as one of the prerequisite requirements of BGN 310 and accepted as a partial fulfilment of the requirements for obtaining the Diploma in Building.

.....
Name : Bernadette Dau Simon
UiTM ID No : 2019367983
Date : 18 March 2021

ACKNOWLEDGEMENT

My heartfelt thanks to the Lord for providing me with the strength and health I needed to finish this report. It is such a blessing for me to be able to finish this report. It is such a blessing for me to be able to finish this report with the time and opportunity that have been given to me

I'd like to use the opportunity to express my heartfelt appreciation to the following incredible individuals for their guidance, experience and assistance during the practical process. First and foremost, I would like to express my gratitude to Encik Zaid Iskandar Bin Jaraiee the supervisor for providing me with the opportunity to perform my training in the company.

I'd also like to thank ALL of the UITM lecturers who have taught and mentored me as a student and individual. I'd also like to express my earnest gratitude to the lecturers who were ambiguously involved during my training, they have been a great mentor to me despite the current situation such as the increasing covid cases in my hometown which makes it arduous to stay in contact with the lecturers. I am grateful to Dr Hafizah Mohd Latif, Supervising Lecturer, Puan Nurhasyimah Binti Ahmad Zamri, Evaluation Lecturer, En Muhammad Naim Bin Mahyuddin, Practical Training Coodinator, and Dr Dzulkarnaean Bin Ismail, Programme coordinator for their time, effort and guidance that they aided in the completion of my training combined with this report, plus the helpful information that has been shared over the few semesters

Lastly, I would like to thank my parents for the never-ending support that they have given to me. Their words of encouragement have been the reason why I should continue the training despite the fact I have hard time dealing with the situation that consumes weeks of "working from home".

Thank you.

ABSTRACT

Water is a vital source of life and the basic liquid that all living beings need as they evolve. Sarawak is well known for its flora and fauna, as well as rivers that provide water to the inhabitants. It is important for the people of Sarawak to have access to clean and healthy drinking water on a daily basis. Aside from that, the purpose of this report is to analyse the engineering elements of sluice valve related activities for the Curtin Water Senadin Miri Sarawak people's home program. Throughout the practical training session, the goal of this report is to find and understand the valve types, method and significance of valve inspection.
