## ABSTRACT

Recently, we often hear about the issues related to the problems that occurred in the implementation of Islamic inheritance which had led to the unclaimed property and became frozen assets. This situation can give the bad effect to the economy of the country. So, this research paper is based on this problem. The purpose of this research is to study about the level of awareness of the society in Malaysia about Islamic property management which is Hibah. In this study, the researcher had use the data from the primary data, by distributing the questionnaires to the 65 staffs of Yayasan Dakwah Islamiah Malaysia, Putrajaya. Other than that, the researcher also used the secondary data which are journals, articles and electronic resources such as internet and others in finding more information that related to Hibah. After that, the researcher had use the descriptive statistic on the Likert Scale questions to measure the agreement of the respondents on the questions given. While, in identifying the information of the respondents, the researcher had use frequency analysis to identify the gender, age, marital status, educational level, monthly income, health status and the total assets of the respondents.

## ACKNOWLEDGEMENT

All praise to Allah, the Most Gracious and the Most Compassionate, the only One who always give me guidance and the strength and always taught me to a patience person during my internship program with Yayasan Dakwah Islamiah Malaysia, Putrajaya started from 16<sup>th</sup> July 2018 untill 2<sup>nd</sup> November 2018. Thanks to Allah because I already finished my training successfully in Yayasan Dakwah Islamiah Malaysia, Putrajaya.

First of all, I would like to thanks to my advisor which is Ustazah Siti Fatahiyah binti Mahamood because she had guide and give me so many advices from the beginning and until this research paper completed. She always asked me to be patience in completing my research. She also helps me in suggestion any ideas and also make some improvement towards my research. In addition, she always makes sure that, she had a time to meet and guide me. Without her guidance and patience, this research will be hard to complete. Her guidance is very helpful in completing my research.

Secondly, I would like to thanks to my supervisor in Audit and Quality Department of YADIM which is Mrs Najwa binti Najib and also other staffs which are Mohamad Al-Hafiz bin Ahmad and Mrs. Nor Zauhara binti Sumar that always support me and help me during my internship program. I am very grateful because I had a chance to be with them and that was the most precious gift because I had learn many things from them in YADIM. Not forget to all the staffs of YADIM, because they also very sporting and always guide me when I in difficult situation.

Lastly, I would like to thanks to my beloved family and also my aunt that always support me in physical and mental in completing my study. After that, I would like to thanks to my friends, classmates, and all the lectures at UITM Shah Alam Campus whose always support and taught me during my studies.

May Allah bless them hereafter those names that I already mentioned above.
