#### **ACKNOWLEDGEMENT**

First of all, I am very grateful to Allah S.W.T. to complete this Social Media Individual Assignment which is one of the requirements that should be met in the assessment of coursework for the code ENT530. This Social Media Individual Assignment was prepared with the cooperation and support of many people. Not forgetting my lecture, Madam Nadiah Maisarah Binti Abdul Ghani and her dedicated guidance throughout the completion of this project. Without her guidance, I would not have been able to complete this Social Media Individual Assignment. To get an idea of completing this social media assignment, I managed to do a quick survey on this type of business as well as develop my internal skills to deal with people who have potential to provide me with information that could be included in my social media individual assignment. Through these issues, I managed to become more organized and mature in solving problems that arise during my research. This social media assignment creating a Facebook page, a post, hard and soft sales articles, images for online marketing and other information a new entrepreneur needs as a guide to start this business. Finally, to everyone who has participated and contributed directly or indirectly to this business plan, I am very grateful for the efforts that went into my project until I succeeded in my Social Media Individual Assignment.
