## **ACKNOWLEDGMENT**

Here we would like to thank the UiTM for giving me the opportunity to undertake practical training in this sem. not forgetting the many lecturers who provide tutoring in various ways to assist in carrying out the course of practical training and complete the report.

And do not forget my supervisor, Mrs. Zuraihana binti Ahmad Zawawi many great insights and guidance in completing the task successfully. We are very grateful that he helped even though many of our problems in completing the task. Although we do a lot of errors in the completion of this task, he does not give up in a guide and teach me.

I am also very grateful to the hotel staff was nice and friendly premiere with me. Employees in the maintenance department have also helped me in guiding and giving information to me for inclusion in my report. I am also very grateful to the maintenance executive because many provide sufficient information to input into my report. Technicians also provide adequate guidance to help me carry out practical training successfully. And I'm very thankful that they took care of me very well in the course of practical training.

In addition, we are also very grateful to our parents for support from back when we had difficulty in completing the task. Arrangements are many others also provide money for expenses to print this report. I am also very grateful because they always understand our predicament.

Not to forget, a lot of friends who provide assistance if we need help in completing the task. Even for them it is a burden, but they still provide guidance in completing this task. I am grateful to colleagues who have helped with this problem.
