This thesis has not been submitted to any other academic institution or non-academic institution for any degree or qualification.

I, hereby, acknowledge that I have been supplied with the Academic Rules and Regulations for Undergraduate, Universiti Teknologi MARA, regulating the conduct of my study and research.

Name of Student : Alya Batrisyia Mohammad Kamal

Student I.D. No. : 2016629536

Programme : Bachelor of Business and Administration (Hons)
Finance.

Faculty : Business and Management

Thesis : Factors That Influencing Agriculture Export Value

Signature of Student : 

Date : December 2018

ABSTRACT

This study aims to examine factors that influencing the agriculture export value in Malaysia using secondary data over the period from 1978-2017. This study used time series data and Malaysia was selected for the research because agriculture is an imperative sector in Malaysia. Agriculture also are one of the most contribution sector for economic growth. For empirical analysis after checking the data for stationarity the least square method has been used. The empirical results show positive and statistically significant impacts of explanatory variables such as agriculture value added, foreign direct investment, gross domestic product, exchange rate, gross domestic savings during the study period.

ACKNOWLEDGEMENT

Alhamdulillah, all praises to Allah for the strengths and His blessing upon completing this project report. This project report was prepared for subject Industrial Training Project Paper (FIN672). I would like to give my special thanks to my lecturer Prof Madya Noor Izah Binti Ismail and Prof Madya Shukri Bin Shamsuddin for their supervision, support and his invaluable help of constructive comments and suggestions throughout the project works have contributed to the success of this project. I want to take this opportunity to express our gratitude to the people who have been instrumental in the successful completion of this project. The cooperation and support received from my coordinator Madam Nur Liyana Binti Mohamed Yousop and my internship supervisor Ms Silvia Tan for supporting for this project. It is a blessed to have their constant support and help. Without their cooperation and guidance, this project would not have been happened. Finally, I would like to give my gratitude thanks to my parents and people who helped me either directly or indirectly for their cooperation. Thanks to all my friends and everyone, that has been by supporting my work and help during the report project progress till it is fully completed. Thank you.
