DIPLOMA IN BUILDING SURVEYING

SEMESTER
JUNE 2013 – OCT 2013

ACKNOWLEDGEMENT

Assalamualaikum. First of all, we would like to thank to our mighty god, Allah S.W.T for giving us enough time and space to finish this report. Even though we faced lots of problems in finishing this report, we still managed to finish it on time. Once again, Alhamdulillah.

Then, we would like to give thousands of appreciation to our beloved lecturers, Encik Hasnan Bin Hashim because he patiently teaching us, guide us, courage us, giving opinions and information to finish this report without asking any rewards. Besides that, we also would like to thank to our supervisor, Encik Mohd Zaki Bin Shamsudin @ Md Noor because although he is busy with his work or matter, he still spare his time to check and giving comment about our final project report. He also gives opinions and information about our report.

We also didn't forget to both our parents and family member for supporting both physical and mental, and giving us strength and encourage us to fulfill the requirement to finish the report. Millions of loves to both our parents and family members.

Lastly, we would like to thank to all our friends for cooperating and teamwork. As an English idiom said 'United we stand, divided we fall', so this helps us in the whole procedure in finishing this report. Another thanks for all our beloved friends for providing information and moral support, and for all those who involved directly and indirectly in finishing this report.

Thank you.

4.5.7 PARKING SYSTEM	

1.0 INTRODUCTION

Biro Bantuan Guaman was established in September 1970. The main objective is to give legal advice and assistance on legal issues faced by the poor. The established of Biro Bantuan Guaman have been proposed since 1954. However the first positive step has been taken by the Government only in 1960. This is the result of a letter written by "Orthopedics Almoner" located in the Kuala Lumpur General Hospital calling for free legal advice given to patients who have "residual disabilities" serious compensation may be granted if they are represented in terms of the law.

Meanwhile, a number of women's organizations also urged the Government to take action to help women and their children in a claim for maintenance against her husband and guardian of the child.

At the time, advice and legal aid is limited to:

- a. Government employees in legal proceedings relating to official duties (through regulations the Public Officers (Conduct and Discipline) (General Orders Chapter "D") 1969).
- b. Poor people in "forma pauperis" (by the Supreme Court Rules 1957).
- c. The person accused of a criminal offense involving the death penalty (through the Criminal Procedure Code).

In October 1969, the matter was referred to the Attorney General and his support of the proposition. Later the matter was referred to the Ministry of Justice who then sought the advice of the Council also supports the proposed scheme.

At its inception, the Bureau was placed under the Department of the Attorney General and with the establishment of the Ministry of Law in 1985; the Bureau was placed under the Ministry until May 1995. Now, the Bureau placed under the Legal Affairs Division, Prime Minister's Department

Beginning January 16, 2010, LAC name was changed to the Attorney General Chamber.
