## **ABSTRACT**

The final project for the student of Diploma in Interior Design is a manifestation towards the student's knowledge about the whole aspect on interior design that had been learnt from basic to the final presentation on the proposed design. The project that had been chosen for the final project is to propose a new interior design for the interior of JM Bariani House restaurant situated at no 1 Jalan Wangsa Delima 10,53300 Kuala Lumpur. This proposed restaurant is to exposed local people to their own nasi bariani which is it is the main product of the restaurant. In the same time to expand their business with the new outlet. This proposed restaurant is fully belongs to Malay people which is they want the Malay look of the restaurant suitable with the menu. The concept and the menu which is has been chosen also reflect to the menu which is need the implementation of Malay element such as architectural, accessories and so on it is one of the client need that to be apply to the proposed restaurant. Before all the design process begin, the process of analysis and collecting data must do first as it is could help in preliminary design process and schematic design process.
