## **ACKNOWLEDGEMENT**

We would like to take this golden opportunity to thank for all the guidance, assistance, advices and guidelines that we have to come in contact with throughout the process in preparing the report. First of all and the most important, we dedicate this acknowledgement to supervisor Madam Aida Affina Bt Abdul Ghani for guiding us during the time given to complete to this task Integrated Final Project (BSR 330).

We would like to thank the maintenance & facilities Executive En Rosllyzan Bin Mohd Yasim for guiding us until the completion of our project and for giving us all the information that we need.

Then, we also want to use this opportunity to say a lot of thank you to the group members for assisting directly or indirectly during the hard time and also help and support to be more confident to complete this task. Their support and willing to share the ideas and information make it easy for us to achieve our aim in the task that has been given.

Last but not least, we would like to express our gratitude to our beloved parents for their encouragement, support throughout the whole process and to those who involved either directly or indirectly for helping completing this task, thanks a lot to all of you and may God bless all of you.

Thank you.
