

Message from Head of Centre for Studies

Alhamdulillah, all praises to Allah for blessing us with this life.

First and foremost, my heartiest congratulations to students and lecturers of FKK for successfully continuing the implementation of teaching and learning Online Distance Learning (ODL) method in this semester. The COVID-19 pandemic that plagued the modern world triggered the new norm in our daily lives. This is called VUCA (Volatility, Uncertainty, Complexity, Ambiguity) world which brought us to innovation in education by involving the space, creativity, rapidity, and flexibility desired. Alhamdulillah, with patience and perseverance we are able to implement it well and completely despite facing the challenges of this pandemic world.

Secondly, congratulations to the students of FKK and the lecturers for excellent results in the semester February 2020 - August 2020. A total of 180 students (68%) have achieved the Dean's List Award. In addition to these results, a total of 112 students (92.56 %) have successfully graduated on time (GOT) and 4 of them achieved the Vice Chancellor's Awards. I hope all students continue to work hard, enhance their knowledge, skills and personal attributes and be ready to embrace the challenges emerging from the Industrial Revolution 4.0. Also, they will continue to excel in their future undertakings and make UiTM proud. InsyaAllah..

Especially, Assoc Prof Dr Chang Siu Hua's promotion as Associate Professor (DM54) , Dr Norain Binti Isa for successfully completing the PhD in nanomaterials.
