ACKNOWLEDGEMENT

Thanks to God Almighty because of His Grace I was able to complete my dissertation. First and foremost, we would like to express our great appreciation to Dr Valerie Ross for her willingness to give us guidance and encouragement for this research. Without her guidance, this dissertation would not have been possibly done. From all the effort to finish this project, I learn how to be patient, being commitment, responsible and dedicated. Also, not forget to my family Jusmin Nasar and Jumainah Bundan as my backbone that never give up on me, instead giving their mental support and always give their best to give my needs. I also want to thank to my colleagues who always being there for me and help me during my degree year. In a nutshell, once again thanks for all the people that involve finishing this thesis, and special thanks to my supervisor for a nonstop guidance.
