ACKNOWLEDGEMENT

First of all I would like to thank God Almighty for his true blessing for me to complete this research. I'm proudly to express my gratitude to my first and second advisor for giving a lot of guidance, support, encouragement, advice, and concern throughout for completing this research.

Therefore, I would like to express my heartfelt thanks to my family and colleagues who participate in giving support to complete this research. Not to forget to my supervisor during practical training, Madam Siti Hamidah Hj. Tanalol and all staff in Multimedia College for their full cooperation for providing ideas, information and assist me throughout this research paper.

Finally, to those who I not mention, who direct and indirectly contribute to complete this research, thank you for all your cooperation.

Last but not least, thank you all, your kindness will be well remembered.
