FINISHING

JULY 2007 – NOVEMBER 2007

PREPARED BY :MUHAMAD RASHID BIN AB AZIZ

SUPERVISING LECTURER : PN JULAIDA KALIWON

ACKNOWLEDGMENT

Alhamdulillah and thankful to Allah because of His permission and gave of a good healthy, I can accomplish my practical training and also my report book without any problem and also can complete it before the due date.

First of all, I would like to say thanks very well to all by beloved parents Ab Aziz b Eman and Jamariah bte Alias who are support my financial during the practical training. Also lecturer in UiTM Shah Alam especially lecturer in Building Surveying courses, Sr Ghazali b Mohd Amin and Pn Julaida bte Kaliwon .Thanks for all of your support and cared. May God bless you.

I also thank my practical company, SERI ALAM PROPERTIES SDN BHD, to En Noor Izuddin b Md Kassim as a Project Manager, Miss Hasni bte Hamsaton as executive and Mr Chan Kim Chin as Clerk Of Works. All remembered staff and also my beloved parents which always remembering me and understanding my responsible as a student, whole my family and friends.

Lastly, I hope this report will be a very good my final project, and also my excellent result for final exam this semester. After this I hope will doing my best task as a presenter in the final presentation and all of these sweet memories will always in my mind. Thanks again.

TABLE OF CONTENT

ITEM	PAGE
Preface	I
Acknowledgement	II
Content	III
Abstract	VII
 Chapter 1: Company Background	
1.0 Company Background	1
1.1 Corporate Phylosophy	2
1.2 Business Activities	2
1.3 Mission and Vision	3
1.4 Major Shareholder	4
1.5 Project Management Team	5
1.6 Director of Management Profile	7
1.7 Construction Progress	9
1.8 List of Project	10
 Chapter 2: Introduction of Practical Training	
2.0 Objective	11
2.1 Job and Responsibility	11

Chapter 3: Introduction to the Topic

3.0 Introduction of Finishing	13
3.1 Ceramic Tile	13
3.1.1 Sizes of Tile	14
3.1.2 Tiles Colors	14
3.2 Types of Ceramic Tile	15
3.2.1 Glazed wall Tile	15
3.2.2 Ceramic Mosaic Tile	16
3.2.3 Quarry Tile	17
3.2.4 Paver Tile	17
3.3 Advantages	18
3.3.1 Safety	18
3.3.2 Wear and Tear	18
3.3.3 Comfort	19
3.3.4 Maintenance	19
3.4 Installation of Ceramic Tile	19
3.5 Tool	21
3.6 Material	22
3.6.1 Related Materials and Products	22
3.7 Supporting Construction	23
3.7.1 Floor	24
3.8 Installation on Floor	25
3.8.1 Measuring the Floor for the Tile Installation	25
3.8.2 Preparing the Sub-Floor	25
3.8.3 Floor Layout	26
3.8.4 Adhesive	26
3.8.5 Installation the Grout Over the Tile Floor	28
3.9 Installation on Walls	30

ABSTRACT

Nowaday, our country is on the verge of technology advances and country advancement , construction industry has been given a priority from our government. The reason behind this hard work is to provide enough work force and variety of economy trends to the nation. One of the main sector which plays an important role in our country growth is the construction industry because this sector provides 35% of our country revenue. Irivestors who invests in Malaysia for development are given support and encouragement from our government.

The objective of this practical training is to give us a chance to involve in construction situation. Besides that, we also can learn new technology use in construction work, as long as to get more. Finally, the practical training is important to student know about the real description experience. In addition, at site we also learn how to conduct one project and learn how to solve any problem. Practical training also can help us to improve our confident before to joint in working life.

This practical training report specific on finishes works. Preparation of this practical training report also including company background, introduction of practical training, introduction to the topic, introduction to the project, problem on site, recommendation and conclusion. These item are prepared to fulfillment all the requirement and condition of practical training report.
