Acknowledgement

First and foremost, we would like to praise and thank the Almighty God for giving us the strength and because of His blessing, we finally managed to accomplish this assignment. Without His blessing, we wouldn't have gone this far. This assignment cannot be completed without effort and co-operation from my partner Mohd Irfan bin Md Nordin. We always work hard to produce a good assignment with our full commitment and responsibility.

Therefore, we would like to acknowledge with thanks to Supervisor Dr Devika a/p Krishnan because without her guidance our assignment cannot be done properly like this. She always gives us support and guidance on how to do our assignment in order to produce a good outcome. She inspired us greatly. We also like to thank him for teaching us in this course work in this project.

Last but not least, we would like to express our thankfulness to University Technology Mara (UITM) campus Seremban Negeri Sembilan for giving us the opportunity to conduct this writing report assignment. Finally, an honourable mention goes to our friends and respondents for the support and willingness to spend some time with us to fill in the questionnaires.

Abstract

This study investigates the level of awareness of UiTM Seremban 3 Students on face mask pollution. This research was conducted among Faculty of Administrative Science and Policy Studies (FSPPP) UiTM Seremban students at the all level which is diploma and degree level. This study is intended to establish the vital relationship between independent variables and dependent variables. This study indicates that the students' demographic profile of gender, age, education, current living and frequency use masks in finding the relationship with face mask pollution. The face masks pollution under this study is being viewed under three factors influence face mask pollution which are awareness, knowledge and attitude. In this study, the survey approach of distributing online questionnaires was used to gather information and data in completing the discussion. Hence, this study found that, student's awareness, knowledge and attitude play a huge role in the determinant of face mask pollution. Therefore, this study suggested more solutions to overcome face mask pollution that can be implemented to students and to university and so that the students and university will have early awareness on face mask pollution.

Table of Contents

INTRODUCTION 9

1.1 Introduction 9

1.2 Problem statement 10

1.3 Research Questions 12

1.4 Research Objectives 12

1.5 Scope of Study 13

1.5.1 Time 13

1.5.2 Place 13

1.5.3 Level 13

1.6 Significance of the study 13

1.7 Definition of terms, terminology and concepts 14

1.7.1 Face mask 14

1.7.2 Pollution 14

1.7.3 University students. 15

LITERATURE REVIEW & CONCEPTUAL FRAMEWORK 16

2.0 Introduction 16

2.1 Literature review 17

2.1.1 Dependent variable- Face mask pollution 17

2.1.2 Definition 17

2.1.3 Type of face mask 17

2.1.4 Challenges to overcome face mask pollution. 22

2.1.5 Solution to overcome face mask pollution. 23

2.2 Factor influence face mask pollution 24

2.2.1 Awareness 24

2.2.2 Knowledges 25

2.2.3 Attitude 25

2.3 Conceptual framework 27

2.4 Hypothesis development 27

2.4.1 Relationship between awareness to face mask pollution 27

2.4.2 Relationship between knowledge to face mask pollution 28

2.4.3 Relationship between attitude to face mask pollution 30

2.5 Summary of chapter 31

RESEARCH METHODOLOGY 32

3.1 Introduction 32

3.2 Research design 32
3.3 Unit of analysis 32
3.4 Sample size 33
3.5 Sampling technique 34
3.6 Measurement/Instrumentation 34
3.7 Data collection 35
3.8 Data Analysis 35
3.8.1 Preliminary Analysis 35
3.8.1.1 Pilot Study 35
3.8.1.2 Test of Normality 36
3.8.1.3 Reliability Analysis 36
3.8.2 Testing of the hypotheses 37
3.8.2.1 Pearson Correlation 37
FINDINGS 38
4.1 Introduction 38
4.2 Demographic Profile 38
4.3 Reliability Test Results 39
4.4 Normality Test Results 40
4.5 Main Findings 41
4.5.1 Objective 1: Studying the relationship between the level of awareness on the use of face masks towards environmental pollution among UiTM Seremban 3 students. 41
4.5.2 Objective 2: To study the relationship between knowledge and face mask pollution among UiTM Seremban 3 students. 41
4.5.3 Objective 3: Study the relationship between the attitude towards face mask usage that leads to environmental pollution among UiTM Seremban 3 students. 42
DISCUSSION AND CONCLUSION 44
5.1 Introduction 44
5.2 Summary of Findings 44
5.2.1 Objective 1: Studying the relationship between the level of awareness on the use of face masks towards environmental pollution among UiTM Seremban 3 students. 44
5.2.2 Objective 2: To study the relationship between knowledge on the use of face masks towards environmental pollution among UiTM Seremban 3 students. 45
5.2.3 Objective 3: Study the relationship between the attitude towards face mask usage that leads to environmental pollution among UiTM Seremban 3 students. 46
5.3 Research Recommendations 47
5.3.1 Law Enforcement Related to Face Mask Pollution 47
5.3.2 Face Mask Recycling Technology 47
