Acknowledgement

Alhamdulillah, thanks to Allah SWT whom with His will giving me a chance, health and strength to complete this topical study. First of all I would gratefully express my acknowledgement towards my supervisor; Encik Tajul Edrus bin Nordin for his guidance and advice along completing this research paper.

Not to be forgotten my appreciation goes to my dear studio mates and lecturers for their support as it would be hard to complete this paper all throughout every critic process. Last but not least my appreciation goes to two very special beings in my life who are my main source of inspiration, namely my beloved father Mohd Nor bin Jaafar, my beautiful mother Nik Sah bt Mat Min. Also I wish to thank the Universiti Teknologi MARA (Perak).

Thank you.

Abstract

The purpose of this research is to study the factors on an increasing number of elders in elderly nursing home.

Different reason can be the cause people sending their elders to elderly nursing. The study focus on the factor that may cause people from different social background taking the same resolution in sending their elders to elderly nursing home. As we know, taking care of elders requires a lot of work and may affect our daily life, although that is not the only factor why people in Bandar Ipoh often sending their elders in elderly nursing home.

Regarding in this research, there are several other such as healthcare factor, monetary factor, personal obligation and personal limitation. However, regardless of the factor, it is crucial for the responsible party to provide the necessary services for the elders.
