Acknowledgement

First and foremost, all praises to Allah and His blessing for the completion of this proposal. We thank God for all the opportunities, trials and strength that have been showered on us to finish completing this research proposal. We experienced so much during this process, not only from the academic aspect but also from the aspect of personality. This proposal would not be complete without the cooperation and the effort between us. We were work hard to completing this proposal with our fully commitment.

Last but not least, we would like to sincerely thank our supervisor Madam Nasyrah Binti Ahmad for her guidance, understanding, and most importantly, she had provided positive encouragement and a warm spirit to finish the proposal. It has been a great pleasure and honor to have her as our supervisor. Our deepest gratitude goes to all of our family members because it would be impossible for us to finish this proposal without the support from them. We would sincerely like to thank all of our beloved friends who were with us through thick and thin. May God shower all of them with success and honor in life.
