ABSTRACT

This research presents a study on awareness of waqf among Muslims in Perbadanan Wakaf Selangor (PWS) through the cash waqf fund, study case in Selangor Darul Ehsan to familiarize peoples' thoughts and understanding towards the cash waqf fund. On top to overcome or cater the lack of awareness and false thoughts or misconceptions the usefulness of cash waqf, this study may help to reduce or to brief more clearer by suggesting an improvement or recommendation in creating some solutions to eliminate these problems. There are many factors and aspects that can be related to the level of awareness by Muslim community regarding the functions of cash waqf fund not only to those in needs but also to the society as well. Starting by fulfilment of the research objectives as a guide to identify what is cash waqf and its function, well informed about current practised of Muslims in waqf institution and also to enhance the level of awareness among Muslim community towards the cash waqf fund. To achieve those objectives, the method will be used which is qualitative research. This method can be conducted interview session where can be obtained a response or answer from the selected officers or staffs that worked at PWS. From the interview session also, the outcome may help to answer the objectives that have been formed for this research. The results from this study will discover the exact cash waqf fund and its functions and the awareness of Muslims on cash waqf which can help to promote this form of waqf as well as further research for implementation purpose. Overall, it may conclude the level of awareness among Muslims towards waqf especially cash waqf become advanced and its functions that could bring good impacts to the society.

ACKNOWLEDGEMENT

Bismillahirrahmanirrahim,

First and foremost, Alhamdulillah and thanks to Allah because of His blessings and given me strength and an opportunity to be able finished this study. Secondly, I would like to thank and express my profound gratitude to my supervisor, Dr. Anas Bin Ibrahim, who support and assist me from the beginning until the end of completing this research or study. I am very thankful because without him, I am not able to finish this study successfully. Once again, I want to thank him and appreciate for his time spending to help me to fulfil the requirement subject for IMU304 (Academic Paper).

Furthermore, not to forget, special thanks from me to the staffs or officers from Perbadanan Wakaf Selangor (PWS) whose have been participating or willingly join in the interview sessions for their cooperation and assists towards the completion of my study. I felt blessed by their kindness, generosity and professionalism during the interview session, plus who helped and contributed to making this study become successful. Without them, this study will be worthless or incomplete.

Finally, I am grateful to have supportive and caring parent and family that never tired or bored to encourage me during the process of completing the research from the early of the research by the research end. I am so happy and glad to have wonderful parent and siblings whose always provide my needs and lead me to be diligent person. Also, a million thanks to my friends who also encourage and help me complete this study either directly or indirectly. Apart from that, I want to give this, special thanks to everyone that involved in order to help and guide me to do the research accordingly.

Thank you, may Allah bless to all of us.
