ABSTRACT

There is always improvement conducted by the government for the person with disabilities nowadays in the social and economy, such as giving place for them to sharpen their skills and also by organizing the economic development program for this group to participate with society. The purpose of this study is to identify economic development program conducted by MPPOK for the person with disabilities: Majlis Persefahaman Pertubuhan Orang Kurang Upaya Kelantan (MPPOK). This study focuses on three objectives which including; 1) type of economic development program that participated by participants of MPPOK, 2) impact of the economic development program in Majlis Persefahaman Pertubuhan OKU Kelantan (MPPOK) towards the person with disabilities and 3) problems and challenges faced by Majlis Persefahaman Pertubuhan OKU Kelantan (MPPOK) in improving the socio-economic for person with disabilities. This study is mixed method. A set of questionnaires were distributed to participants of MPPOK in Kota Bharu, Kelantan. The interview, conducted by the researcher to the highest committee to support the research objectives. The data collected through the questionnaires were analyzed using Statistical Product and Service Solutions (SPSS) software 20.0. In short, to sum up, this research was done to know the types of economic development program for persons with disabilities, the problem and challenges faced by people with disabilities and the impact of the program towards a person with disabilities.

ACKNOWLEDGMENT

First of all, thanks to Allah SWT for his mercy and guidance in giving me the full strength to complete this research. A lot of thanks to my supervisor, Lecturer Sharifah Fadylawaty Syed Abdullah and co-supervisor, Lecturer Asmak Husin who guides me, assist and support me during the process of the entire research. Thank you for the support and patience throughout this research.

Furthermore, I would like to thank all the respondents who spend their time in helping me to complete the questionnaires. Also, to the highest committee of Majlis Persefahaman Pertubuhan Orang Kurang Upaya Kelantan (MPPOK) that give enough information about this organization. Therefore, I truly appreciated the efforts of my respondents and highest committee who provided beneficial information to the researcher.

Last but not least, I would like to thank my family for the determination to educate me. Also to my friends who are supporting me throughout my studies at University Technology MARA (UiTM), Shah Alam. Once again, I am thankful to all the people who have provided me with assistance in completing my Final Year Project.
