## ACKNOWLEDGEMENT

Grateful to Allah S.W.T and His Messenger Muhammad S.A.W

Alhamdulillah, with the courage and continuous effort, we manage to complete our research. Completing this research was hard and challenging task for us. However, with helping from our friends, family and especially our supervisor Madam *DG Siti Noor Saufidah Hj Ag Mohd Saufi*, we managed to finish out research. She had supervised, monitor and motivates us throughout the process until we end up with this research report. Then, sincerely thanks to her for being there in our moments of need to finish this report.

Special thanks also to The Head of Program of Administrative Science and Policy Studies (FSPPP), *DR Hj Zuraidah Zaaba*, all of FSPPP lecturer at Universiti Teknologi Mara (UiTM) Cawangan Sabah and all selected public schools in rural area whose give opportunities and support us in contributing a piece of work that could develop the education in UiTM.

## ABSTRACT

Nowadays, advanced facilities become more important due to demand from people for receiving better services from the government organizations. The purpose of conducting this study is to investigate the perception of teachers towards student's performance with regard of the facilities in rural schools at SK Tinambak, SK Buayan, and SMK Pekan Tamparuli, Sabah. The population of this study was all the teachers in SK Tinambak, SK Buayan and SMK Pekan Tamparuli, Sabah. At the time of the distribution of the questionnaires, there were 95 of teachers been targeted to answer the survey. To concluded teacher's perception towards student's performance was highly influenced by the facilities to score better in academic which shows that almost three quarter of the respondents are very optimized in student's performance and facilities is correlate. While for the significant difference to student's perception and facilities, the findings explained that teacher's perception was very optimized to students was highly dependent on the facilities of the classroom to learn comfortably. Thus, student's performance can be increase by having facilities in rural schools, the more sufficient facilities it can be better result and increase student performance.

## TABLE OF CONTENT

Clearance of Submission	i
The Declaration	ii
Acknowledgement	iii
Abstract	iv

### **CHAPTER 1: INTRODUCTION**

1.1	Introduction	1
1.2	Problem Statement	2
1.3	Research Question	3
1.4	Research Objective	4
1.5	Scope of Study	4
1.6	Significant of Study	5
1.7	Definition of Terms and Concepts	5

### **CHAPTER 2: LITERATURE REVIEW**

2.1	Introduction	7
2.2	Teacher's Perception on Student's Performance	8
2.3	Rural Schools	8
2.4	Role of Schools Facilities	9
2.6.1	Importance in Education	10
2.6	Conceptual Framework	14
2.6	Independent Variables	16
	2.6.1 Gender of Respondents	16
	2.6.2 Service Tenure at Rural School	16
	2.6.3 Service Tenure as a Teacher	16
2.7	Dependent Variable	17
	2.7.1 Teachers' Perception towards Student's Performance in Rural Schools	17

### **CHAPTER 3: RESEARCH METHODOLOGY**

3.1	Introduction	18
3.2	Research Design	18
3.3	Units of Analysis	19
3.3	Population and Sample Size	19
3.4	Data Collection	20
3.6	Sampling Technique	20
3.7	Primary Data	21
3.8	Data Analysis	21

## **CHAPTER 4: FINDINGS AND ANALYSIS**

4.1	Introduction	24
4.2	Reliability Analysis Test	25
4.3	Frequency Table	28
4.1	Profile of the Respondents	30
4.2	Facilities in the Schools	31
4.3	Perception of Teachers	32
4.4	Level and Mean of Teacher's Perception	33
4.5	Cross Tabulation of Impact Level and Gender	34
4.6	Cross Tabulation of Impact Level and Service Tenure as Teacher	35
4.7	Cross Tabulation of Impact Level and Service Tenure in the Schools	36
4.8	The Mann Whitney Test	37
4.9	The Kruskal Wallis on Service Tenure as a Teacher in rural school	38
4.10	The Kruskal Wallis on Service Tenure as a Teacher	39
4.11	Spearman's Rank-Order Correlation	40

## **CHAPTER 5: DISCUSSION AND CONCLUSIONS**

5.1	Introduction	41
5.2	Discussion	41
5.3	Limitations of Study	49
5.4	Recommendations	50
5.5	Conclusion	51
