#### INTRODUCTION

## 1.1 Introduction

By the year 2020, Malaysia is hoping to become one of developed country. Follow to the mission, various efforts have been done and need to be done in order to ensure all the missions can be attained. One of the efforts is the government has exclaimed Malaysians to unite. Students is the groups that hold the significance roles in order to realize the vision of 2020 as they have been identified as the main assets to the nation due to overall population. In addition, this group is the generation that inherits the administration of the country and determines the path that has to be achieved.

It cannot be denied that students carry out big responsibility and roles. Therefore, positive values have to be adapted to them since the early education. The means values are leadership trait, honest and responsible.

#### LITERATURE REVIEW & CONCEPTUAL FRAMEWORK

#### 2.1 LITERATURE REVIEW

## 2.1.1 Definition of leadership

According to the traditional approach of leadership, leader is a strong and powerful individual. Leader is someone who makes the decision, commands many others and speaks with charisma. There is several definition of leadership. Some of general thoughts that others include in leadership definition include exerting influence. Motivating and inspirational, helping others realize their latent, foremost by example selfness and making difference.

Robbins and Judge (2009) found leadership as the ability to influence a group toward the achievement of a vision or set of goals. The source of this
