ADM570: SERVICE MANAGEMENT

Course Name (English)	SERVICE MANAGEMENT APPROVED
Course Code	ADM570
MQF Credit	3
Course Description	This course examines the nature of services with the emphasis on service management in public and private sector. The management implications of services are explored and highlighted using case study, interactive lecture/lecture, flipped classroom and tutorial discussion. The contexts and the public nature of services are examined in the light of private services. Various public and private service practices based on service management concepts and tools are tested through examination and based on case study. Students require managing a group project in offering service delivery and demonstrate knowledge of leadership skill in service management.
Transferable Skills	1. Demonstrate ability to identify and articulate self skills, knowledge and understanding confidently and in a variety of contexts 2. Demonstrate ability to apply creative, imaginative and innovative thinking and ideas to problem solving 3. Demonstrate ability to analyse issues/problems from multiple angles and make suggestions 4. Demonstrate enthusiasm, leadership and the ability to positively influence others
