

# Showcasing Talents: UiTM CPP Open Mic Night 2022

*By Nur Husna Serip Mohamad, Nur Ilianis Adnan & Noor Azli Affendy Lee*

The UiTM CPP Open Mic Night 2022 was a remarkable showcase of artistic talents, where 32 students from various academic levels were given the opportunity to share their skills. This event, organised by the English Language Club of UiTM CPP in collaboration with He & She Coffee, took place on three separate occasions – 10 November, 5 December, and 15 December 2022.

To encourage participation, there were no participation fees for pre-diploma, diploma, and degree students. Additionally, presenters and the organising committee were treated to free He & She Coffee muffins and coffee during each session. The beauty of this event is that anyone could sign up and showcase their talents while being broadcasted live on the club's

YouTube channel.

The main objective of the programme was to encourage students to perform and share their talents or ideas in public. It also served as a stress-relieving activity for them. The participants' performances ranged from singing, role-playing to poetry reciting, and they were joined by their peers as audience, both physically and virtually.

This programme was also the first event conducted by new members of the English Language Club from the Permatang Pauh campus, with the assistance and support from the senior members. All in all, it was a fantastic way to promote mental health awareness by allowing students to take a break from their studies and enjoy university life with their fellow peers.
