CSC684: GAME PROGRAMMING

CSC684: GAME PROGRAMMING				
Course Name (English)	GAME PROGRAMMING APPROVED			
Course Code	CSC684			
MQF Credit	3			
Course Description	This course aims to teach students to design, develop and implement computer games that involve real-time, event-driven and multimedia programming techniques. Topics in this course include graphics, game engines, motion control, narrative in games, game interfaces, and artificial intelligence. At the end of this course, students will be able to develop a computer game applying proven game design and software engineering principles.			
Transferable Skills	programming skills and team working in game development			
Teaching Methodologies	Lectures, Lab Work, Discussion			
CLO	CLO1 Formulate the solution for game development CLO2 Demonstrate the scientific approach for resolving game development issues through programming CLO3 Organize the overall game development task			
Pre-Requisite Courses	No course recommendations			
Topics				
1. GAME DESIGN 1.1) Game Design 1.2) Game Writing and Interactive Storytelling 2. GAME PROGRAMMING: LANGUAGE AND ARCHITECTURE 2.1) Teams and Processes 2.2) C++, Java and Scripting Language				
2.3) Programming Fundamentals				

- 2.4) Game Architecture2.5) Memory and I/O Systems2.6) Debugging Games

3. MATHEMATICS, COLLISION DETECTION AND PHYSICS 3.1) Mathematical Concepts 3.2) Collision Detection and Resolution 3.3) Real-time Game Physics

- **4. Al FOR GAME**4.1) Artificial Intelligence: Agents, Architecture and Techniques
 4.2) Artificial Intelligence: Pathfinding

5. CONTENT PRODUCTION

- 5.1) Graphics
 5.2) Character Animation Visual Design
 5.3) 3D Modeling
 5.4) 3D Environments
 5.5) 2D Textures and Texture Mapping

- 5.6) Special Effects5.7) Lighting5.8) Animation5.9) Cinematography5.10) Audio Design and Production

Faculty Name: COLLEGE OF COMPUTING, INFORMATICS AND MEDIA © Copyright Universiti Teknologi MARA

Start Year: 2018

Review Year: 2022

- 6. GAME PRODUCTION
 6.1) Game Production and Project Management
 6.2) Game Industry Roles
 6.3) Marketing

Assessment Breakdown	%
Continuous Assessment	100.00%

Details of				
Continuous Assessment	Assessment Type	Assessment Description	% of Total Mark	CLO
	Assignment	Assignment 1	20%	CLO2
	Assignment	Assignment 2	20%	CLO2
	Group Project	Group project	25%	CLO3
	Online Quiz	online quiz	5%	CLO1
	Test	Test 1	15%	CLO1
	Test	Test 2	15%	CLO1
